

Public reaction plagues school administrators

By Adoree Shortle
Echo news editor

A Bay-Waveland municipal school board meeting, that ended in executive session last week over selection of a football coach led to mushrooming public reaction to alleged discrepancies in the public school system.

School trustees, unwilling to accept superintendent J.D. McCullough's recommendation of Cecil Powell for the position vacated by J. E. Lolacano's resignation, recessed the March 11 meeting until March 14.

An editorial in last week's issue of the Echo denouncing the executive session action and alleging other cover-ups in the system brought a crowd of some 35 irate citizens to the March 14 meeting.

The meeting opened with complaints of "dictatorial" treatment within the school administration by former teachers, one of whom stated that superintendent J. D. McCullough and Bay High principal Robert Magee "lied and have been lying for years."

In a voice heavy with

emotion, Mrs. Helen Harris accused McCullough of preventing her son from graduating this year from a Sidel school due to insufficient credits in physical education. Although board attorney Sam Pavre attempted to explain the differences in state credit requirements and that state law prevented a school system from falsifying transcripts, Mrs. Harris said she was taking the matter to Jackson.

Another former teacher, Mrs. Beatrice Ladner, told the board that she had twice applied for the position of librarian at Waveland Elementary but had been superceded by McCullough's wife, who Mrs. Ladner said is not qualified for the job having neither "a high school diploma nor a college degree". Mrs. McCullough has been librarian for 14 years, the former teacher stated and remains unqualified. Confronted by a request for an explanation, McCullough said only, "No comment."

When trustee Tommy Kidd noted that he didn't remember ever seeing Mrs. Ladner's application, she retorted that "there have been a lot of applications that you all never see."

Additional complaints followed of suppression of teachers as well as prejudicial practices in selection of

faculty members.

Trustee Emile Hazew, the only black member of the board, raised the question of McCullough's selection of Powell as football coach, when Powell had only seven years with the school system and Willie Bradley, the sole black athletic coach, had a 13 year tenure with the system.

Two attempts by board president Bill Breland to resolve the matter of selection failed as complaints of other inequities were aired. To repeated questions from spectators asking the reason Lolacano had resigned, and why two of the three coaches in line for the job had refused the offer trustees replied that they had no idea of any of the coaches' motives.

The issue of another faculty member's resignation was brought to light by a trustee who read a letter from Dennis Barcelona, girls' basketball coach at Bay Junior High, in the letter, Barcelona said he had been "asked to resign" but had been given no valid reason for leaving. Barcelona, who was praised by trustees Tommy Kidd, Mrs. Joseph Gex and Emile Hazew, asked the board for a hearing to state his case. He was appealing to the board, the coach said, despite a threat from McCullough that if he (Barcelona) took the matter to any board member he would be fired.

A decision was reached to hold both matters in abeyance

until a recessed meeting Friday night pending further discussion with Lolacano and Barcelona. As the meeting drew to a close, Anthony Lolacano announced to the gathering that "just for the record, one member of the board does know why my brother left. That member could have spoken up but hasn't."

Pass police arrest four on narcotics possession

Pass Christian police arrested two adults and two juveniles on charges of possession of marijuana Thursday night.

James C. Laughlin, 24, and John E. Necaise, 20, both of Pass Christian, were also booked at Harrison County jail for contributing to the delinquency of minors. They were placed under \$1,000 bond

Italian Americans celebrate St. Joseph Feast Day

Overtaken by the success of their first community supported St. Joseph's Altar this week, members of the St. Clare Home and School Association said they intended to make the offering an annual tradition in the future.

Mrs. Ed. Friloux, Sr. and Mrs. William J. Kietly, who were responsible for organizing the altar said that they had wanted to do something like this ever since seeing altars in New Orleans.

St. Joseph's Altar, which is a Sicilian custom, commemorates the feast day of the patron St. Joseph. Altars laden with Italian foodstuffs and delicacies, and decorated with candles, flowers and statuary have long been erected annually by the Greater New Orleans Italian

Cultural Society on the steps of St. Joseph's Church in New Orleans and in private homes of Italians—and their descendants all along the coast.

Traditionally after the feast day is over the altars are dismantled and the food distributed to the needy.

Mrs. Friloux said that food from the St. Clare altar would be given to the Hancock County Home and Gulfview Haven and a small portion to the St. Clare school children Tuesday afternoon the Bay St. Louis and Diamondhead Volunteer Fire Departments delivered the food from the altar.

The shapes of the various bread stuffs all have special meaning, according to the two ladies. The main shapes, they said, were the wreath, symbolizing the crown of thorns; the cross, symbolizing the

crucifixion; the palm symbolizing tribute or joy; the staff for the staff of the good shepherd; and the beard for the beard of St. Joseph.

The display which was opened Sunday morning to the public remained on display until Tuesday afternoon.

Drug cases reach new high in LB

Long Beach police arrested an adult and a juvenile, both of Bay St. Louis, Saturday night on charges of possession of marijuana.

Charles Cox, 18, was also arrested for allegedly driving 62 m.p.h. in a 50 m.p.h. speed zone. Police reported that they found a clear plastic bag of less than an ounce of marijuana in the car after they stopped Cox for speeding.

Cox was released on an appearance bond and the juvenile was released in custody of his parents.

MARIJUANA FOUND

In an unrelated case, police found a bag containing 55 "lids" of marijuana in a bag in a parking bay near the intersection of Ocean Wave street and Highway 90 Monday night.

Police had stopped two men in a car after they observed the car strike a curb. The officers saw the bag ahead of the vehicle in the parking bay after they checked the two men out.

The police released the two men since there seemed to be no connection between the men and the bag. The police left the bag in the bay and kept the area under surveillance for a period of time, however no one came to retrieve the bag.

Investigation continues.

MARIJUANA PLANTS FOUND

Members of the Long Beach police and the Harrison County sheriff's departments found 100 marijuana seedlings in an abandoned shop on Allen road, north of Long Beach, Wednesday.

The seedlings, two to four inches high, were contained in a rectangular basin in the shop behind Pete's Youth Center on Allen road.

Based on information obtained by the Long Beach police department, officers obtained permission from the owner, Pete Dauro, to search the shop and found the plants.

No arrests have been made in the case and investigation is continuing. Dauro told the officers that he had no knowledge of the plants being in the shop.

keeping you in touch

By F. M. Kyle, Jr.
Gulf Coast District Manager

Spring is just around the corner and, hopefully the weather will allow us to resume our outdoor activities. There will be yards to clean up, gardens to hoe, fields to plow, post-holes to dig.

If you plan any extensive digging activities around your home or property, and have any doubt as to whether there's buried telephone cable, call our Repair Service and let them check it out for you. It could prevent an accidental cable cutting that would interrupt telephone service for you or a neighbor.

Of much more serious and costly proportions to us and to you, is the cable damage that can be accidentally caused by people drilling, excavating, planting, pipe driving, blasting, and land grading. With Mississippi economy moving ahead as it is, there's plenty of new construction activity going on. Major cable cuts cause needless construction delays for builders and contractors and serious service interruptions for residence and business customers alike.

One call to Repair Service will prevent virtually all of these cable damage incidents. We'll be glad to send someone out to check your construction site and pinpoint buried telephone cable locations for you.

Calling us before you dig is one of the best ways we know of for helping insure that telephone service will be there when you need it most.

ESEA—a revolutionary concept in education

by Dan Barber
Echo Staff Writer

Since 1965, Hancock County has been receiving federal money for what could possibly be one of the most important projects ever undertaken. Quite simply, it involves the education of our county's children.

For the past nine years now the county's school system and hundreds of others throughout the country have been receiving millions of dollars under the Elementary and Secondary Education Act (ESEA).

The particulars of this act are important only so far as the changes which have resulted in teaching philosophies.

It is widely and erroneously believed by many persons that children just naturally don't like school. But the truth of the matter is that young children are eager to learn. The challenge for parents and teachers is to discover what motivates each individual child best.

The federally funded Title I program, which involves three of the county's public schools and one parochial school, has attacked the old concepts that all children learn best by watching a teacher stand at a blackboard and provided new alternatives for differences in backgrounds, learning abilities, and individual temperaments.

On August 16, 1973 a meeting was held in the office of the county Superintendent of Education, Kenneth G. McCarty to plan for the 1973-74 Title I program.

Before funds can be received, the county must make a comprehensive assessment of needs within the school system and delineate project objectives. It was found that the areas of greatest need within Hancock county were in reading and language development.

Title I funds then will be used to bring special attention to any child who needs supplementary class work to attain reading and language improvement levels commensurate with his age and ability.

Since it has been deter-

mined that the greatest good can be achieved in the lower grade levels, Title I funds are restricted to grades 1-3. However, other title programs offer funds for the older child.

Reading programs are selected which offer self-motivation to children.

One program, Lift Off to Reading, lends an intensive assist in the areas of discrimination and identification to those pupils who have problems with visual perception.

The majority of the Title I funds (Hancock County received \$47,000 in 1973 and is expecting \$56,000 in 1974) provides salaries for professional personnel at the county's three public schools (three reading teachers and

five-aids) and for one county coordinator, who routinely functions in the classroom and coordinates separate in-service training programs every six weeks. The coordinator, Mrs. Helen Mestayer, and assistant superintendent of education, Mr. E. E. Ireland, also are responsible for the evaluation of all reading achievement tests and I.Q. tests given students.

In addition to the above, Title I funds are also used partially to provide supportive services. A registered nurse is employed to provide health services for pupils at Charles B. Murphy and Gulfview Elementary Schools to include visual, hearing, and dental examinations, first aid, classes in personal hygiene

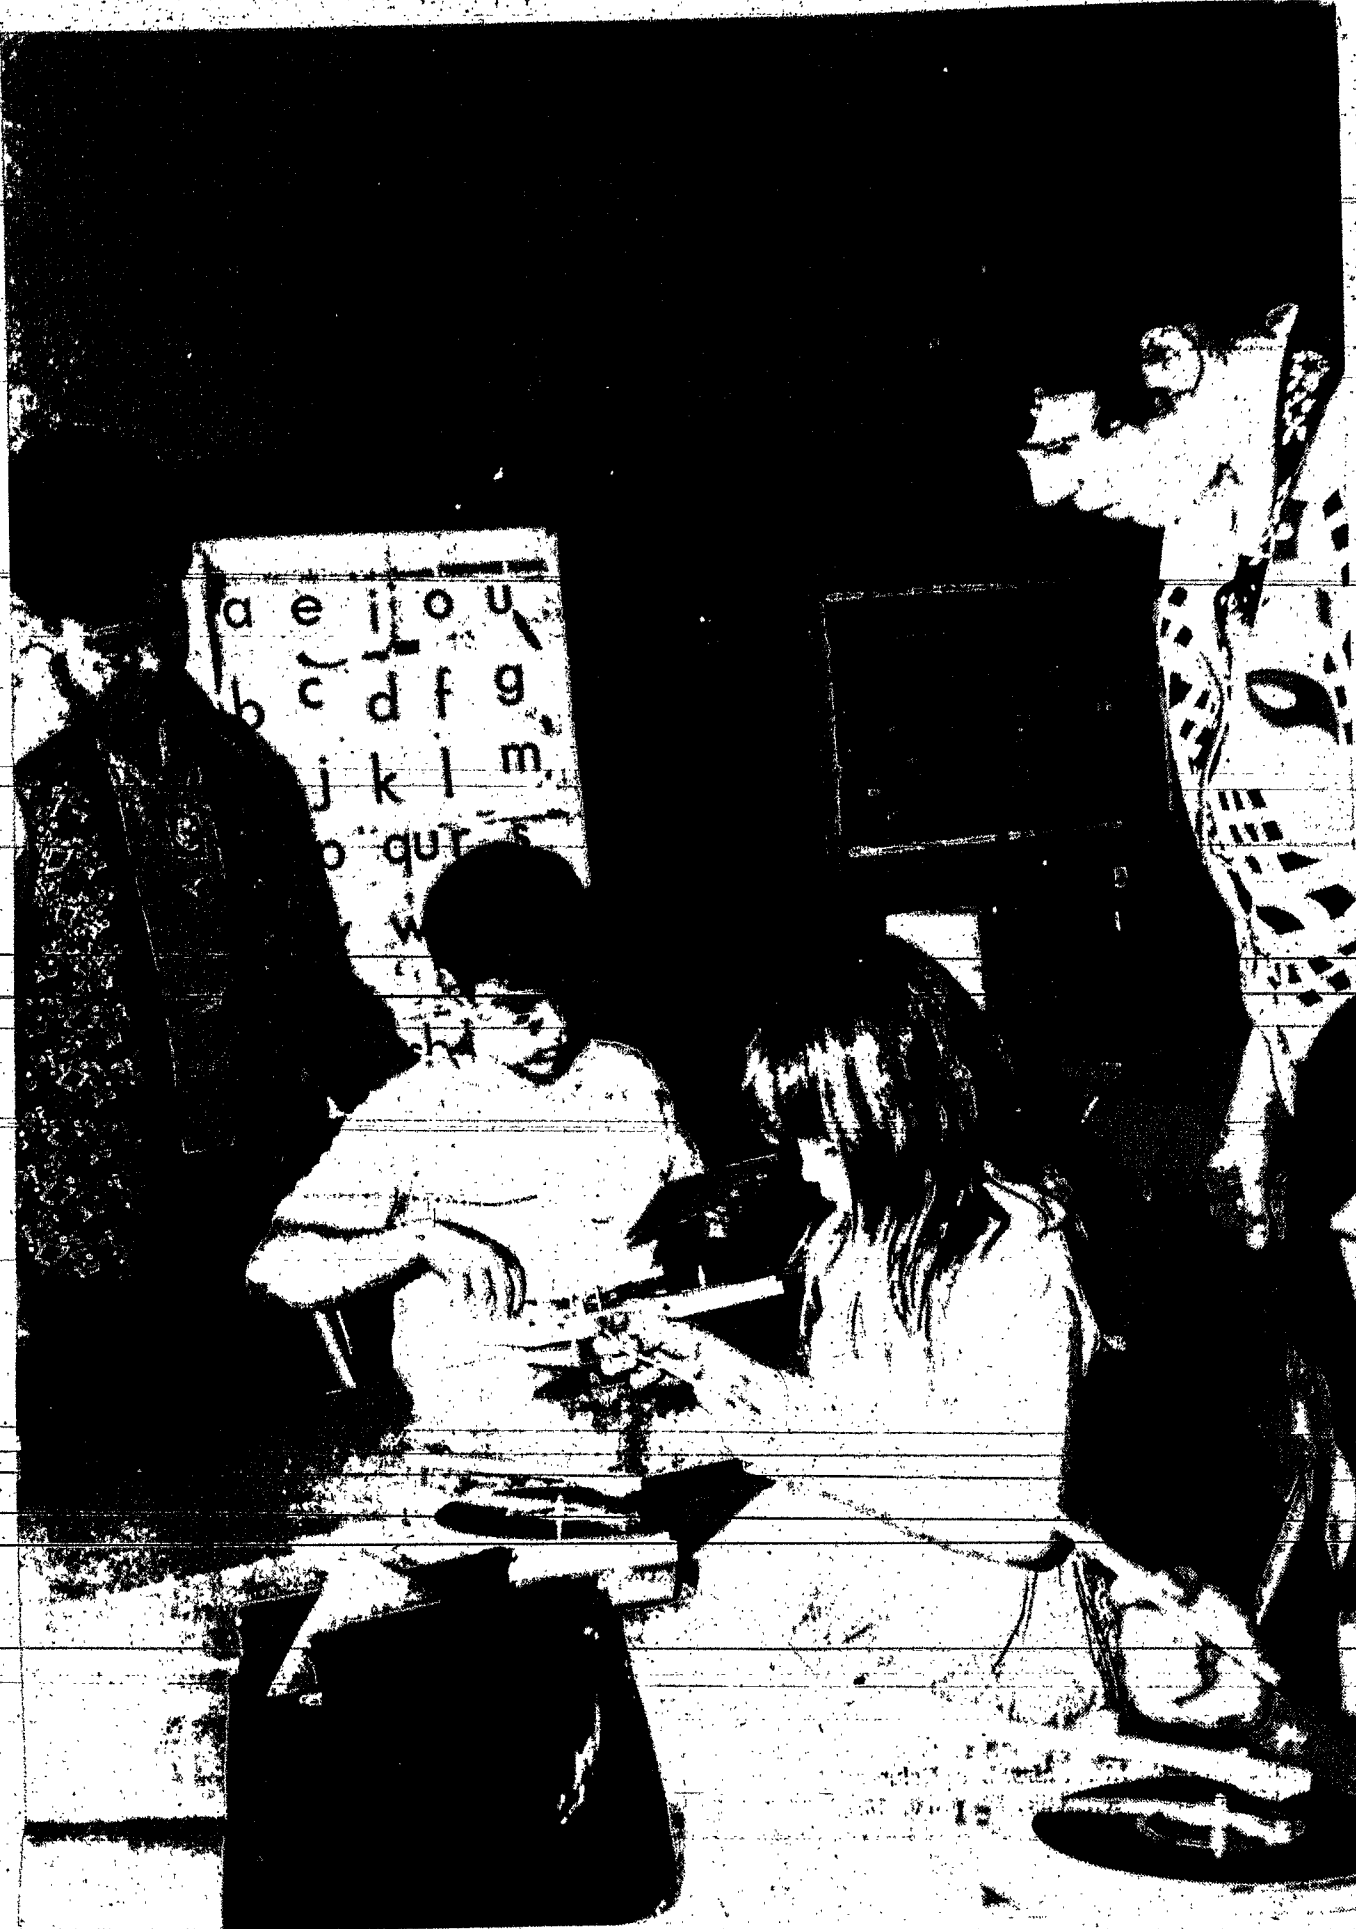

and personal consultations with parents about a child's health problems.

Hancock North Central School is provided these same health services by the school nurse employed with Title III funds.

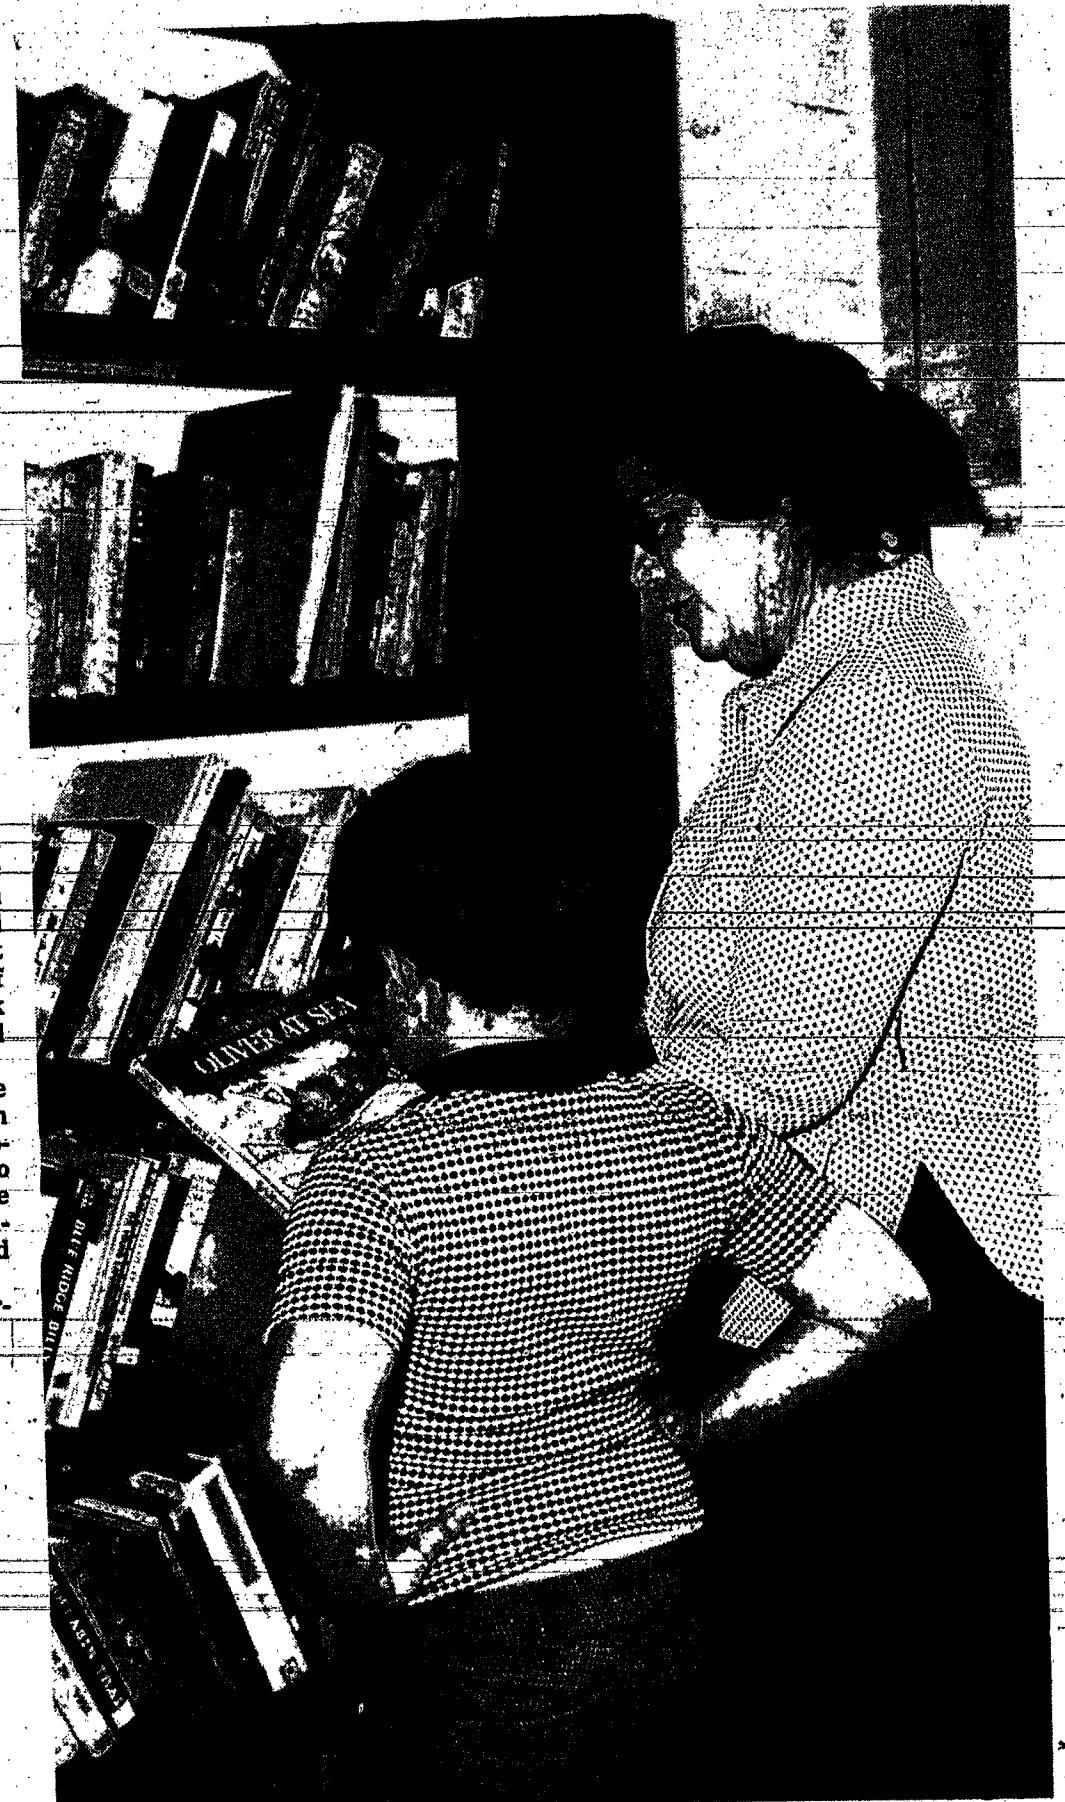

What measurable good does the Title I program hope to accomplish?

"Idealistically," says Mrs. Mestayer, "it is the intent of this program to help each child reach his maximum expected reading level determined by his age, I.Q. and achievement tests results."

"Specifically, we will attempt to raise each child's level by at least one year during the 1973-74 school term."

Working with students using the Groller Creative Reading Program, Mrs. Ruth Davis, right, and Mrs. Carolyn Wilkinson aid pupils in the correct pronunciation of words.

Mrs. Margaret Varnell, reading teacher at Gulfview, shows a child one of the many books available in the school library.

Mrs. Audrey Cuevas, teacher aide, and pupils converse through the use of puppets in an exercise in language development.

First grade pupils at Hancock North Central utilize the "talking alphabet". A record player and earphones enable each student to listen and repeat sounds as he identifies them on special picture charts.

Visitors stream through Coast homes for Garden Clubs Spring Pilgrimage tour

Long Beach

(Photo by Carter Hillyer)
Mrs. Sam Maxwell and Samuel Lauderdale admire one of the many flowering shrubs in the Lauderdale Garden, which will be part of the annual Long Beach Pilgrimage Sunday. Mrs. Maxwell is chairwoman of the pilgrimage. Right, set among live oak trees, the home of Mr. and Mrs. Woodrow O. Owen is one of three homes on display in this year's pilgrimage.

A flower show and tours of three homes and two gardens will be the highlights of the annual Long Beach Spring Pilgrimage Sunday, from 1 p.m. to 4:30 p.m.

The Garden Center of the Long Beach Garden Club at the intersection of Burke avenue and Fifth street will feature floral arrangements and horticultural entries from the Spring Flower Show.

The garden of Mr. and Mrs. James F. Brent and Mrs. J. D. Thompson, 217 Clower Ave., features a flower-bordered patio, a rose garden and a greenhouse in addition to a large bulb bed of anemones, tulips and other spring blooms.

The garden of Mr. and Mrs. Samuel M. Lauderdale, 117 Azalea Drive, contains many varieties of flowering plants and shrubs, including

hydrangeas, crepe myrtle, eucalyptus and gardenias. There is also a rose bed and a rock garden set under live oak trees.

"Jubilee Rose," the home of Mr. and Mrs. Woodrow O. Owen, 836 E. Beach, will feature antique furnishings, crystal and brass chandeliers, a huge wood-burning fireplace in addition to a lovely garden.

The tri-level home of Mr. and Mrs. Sal Guffria, 329 E. Fifth St., will be on tour along with the pool area and landscaped gardens.

The home, patio and pool of Mr. and Mrs. Howard W. Turnbough, 133 English Village Drive, will be another highlight of the tour and will feature, among other things, Mediterranean furnishings and a large combination bookcase and wine rack.

Bay-Waveland

Hoop skirts, pant suits and mini-skirts mingled amicably yesterday as the Bay-Waveland Garden Club welcomed local and out-of-state visitors to the 27th Annual Spring Pilgrimage sponsored by the Mississippi Gulf Coast Council of Garden Clubs.

The waning blaze of azaleas was still bright and the graceful wisteria, chosen flower of the Bay-Waveland Club, was at its height in the gardens.

Starting at 9 a.m., visitors were welcomed with coffee and detailed information about the tour that began at the Garden Center at 114 Leonhard Avenue. Hostesses there were: Mrs. W. Fred Phillips, chairman, Mmes. Augustus Elmer, Boyce Walker, Walter Russo, J.H. Cook, Jr., J.H. Duggan, Jr., Waldo Otis, A.E. Volght, Julian Lorenzen, W.W. Baltar, Jr. and M.J. Sallinger.

Visitors then proceeded to the pre-Civil War home of Mr. and Mrs. Paul M. White, Jr. at 106 Felicity St. Here Mrs. White was assisted by Mmes. P.J. Benvenutti, Albert Carapetian, J.W. Dupaquier, Wm. R. Lamb, J.F. Larroux, Jr., Eugene Ling, Don McCulloch, Helen Vincent, and Sam Whitfield.

The home and gardens of Judge and Mrs. Dan M. Russell, Jr. at 321 Main St. were next on the tour. Guests there were greeted by Mrs. Russell and members of her family, Mmes. Theo Tudury, Michael James, Ronald Russell and Paul Franke, Jr.

At 10:30 the tour proceeded to Waveland and the rustic, lot cabin home of Mrs. Hilaire Ogden who was assisted by the following ladies: Mmes. Gerald Townsend, John Schott, Lila Greenfield, T.D. Ashman, Pauline Charming, Marie Hart, Mamie Lyle, Mildred Bancher and Miss Renee Whittington.

The summer residence of Mrs. L. J. Robin was next on the itinerary. Mrs. Robin's home overlooks the Gulf at 615 North Beach, Waveland. Her hostesses were: Mesdames Labasse Robin, Sr., Edward Carriere, Jr., Robert Seeley, III, L.J. Robin, Jr. and Miles Jean and Carol Robin.

At "Tara," Waveland residence of Mr. and Mrs. Joseph E. Viguerie, Jr., Mrs. Viguerie and her hostesses served a welcome aperitif to the pilgrims before they proceeded to Diamondhead Country Club for lunch. Receiving with the hostess were Mmes. Joseph Viguerie, Sr., William D. Lamb, Horace Kergosien, W.D. Argus, Jr., John Humphries, Jr., John Cook, Jr., George Shuler, Robert Lucas, Arthur C. Hays, Walter Dupaquier, Miles Marie Viguerie and Debra Lucas serving as junior hostesses were members of the "Tiger Lillies," Bay Senior High School garden club; Miles, Dottie Viguerie, Laurie Lynch and Leigh Ann Russo.

During the afternoon, the homes of Mr. and Mrs. Walter J. Gex, III and Mr. and Mrs. George A. Sorensen, Jr. at Diamondhead were also open to the visitors.

MTF scientist conducts Skylab research here

The Johnson Space Center's Earth Resources Laboratory, located at the NASA-Mississippi Test Facility, is conducting research to evaluate the accuracy with which Skylab instrumentation can be used to determine sea-surface temperature. The principal investigator of the project is Dr. Robert Boudreau who is Chief of the Atmospheric Group of the Laboratory.

According to Dr. Boudreau, the main problem in using the Skylab infrared radiometer to measure sea temperature is accounting for the effect that the atmosphere has on the measurements.

Theoretically, sea temperature can be measured remotely from satellite by sensing the infrared radiation emitted by the sea. The infrared emission is directly related to sea temperature, that is, the warmer the sea the greater the infrared emission. However, the atmosphere is not completely transparent to infrared radiation and, as a consequence, attenuates the radiation before it reaches the Skylab instruments. In order

to ascertain sea temperature from Skylab measurements one must apply an atmospheric correction.

On January 21 this year an experiment was conducted in

the Gulf of Mexico which was designed to determine the amount of atmospheric correction to be applied to Skylab infrared radiometer measurements. As Skylab passed over the Gulf it took

infrared radiometer measurements from Mobile Bay to Key West. Three boats were positioned along the Skylab track to make in situ measurements of sea temperature. A NASA C-130 aircraft, with Dr. Boudreau aboard, flew the Skylab track at 1500 feet also measuring the infrared radiation from the sea. The C-130 was flown at low altitude to minimize the atmospheric correction. The infrared radiometer measurements made from the aircraft will be corrected for atmospheric effects by referencing them to the sea temperature as measured by the boats at the time the aircraft overflew the boats. The corrected aircraft measurements will then be used as a continuous record of sea temperature along the Skylab track so that the Skylab infrared measurements can be compared with it and the difference due to atmosphere attenuation can be studied.

Pass Committee meets

The Pass Christian Bicentennial Committee held its first meeting last week at City Hall.

Mayor Steve Saucier called the meeting to order and announced that all civic organizations have been asked to appoint a representative to the committee, which is headed by E. Davis McCutcheon.

Plans were discussed for a continuing program leading

up to July 4, 1976, the 200th Anniversary of the signing of the Declaration of Independence.

Present at the meeting were: Mrs. Leland Latell, Pres. P.C. Garden Club; Mrs. C.D. Taylor, Jr., P.C. Garden Club; Mrs. Clara R. Day, Beta Sigma Phi; Mrs. Parnell McKay, Library Board; Mrs. Mary Lou Botos, Ladies Aux. V.F.W. Post 5991; Mrs. Mary Ann Payard, Woodland Way Garden Club (Pineville); Mrs. Wilma Erichsen, Girl Scouts; Mrs. Grace Neale, Girl Scouts; Doyle Moffett, Pres. Civic Club; Louis J. Hall, Civic Club; John Botos, Comm. V.F.W. Post 5991; Tom Curry, Jaycees; Otis Gates, P.C. Police Dept.

The next meeting will be held April 8th at 7:30 p.m. in City Hall.

LECTURE ON ABORTION

A lecture on abortion will be given at St. Rose cafeteria March 28 at 7:30 p.m. Dr. and Mrs. Donald Grillo of Biloxi will be the speakers. The lecture is open to all adults and high school students, free of charge.

Senior Citizens Happenings

New activities at the Senior Citizen Center in Bay St. Louis include two horticulture classes headed by Ainsworth Kidd Wednesday mornings from 10-11:30 and Thursday mornings by Mrs. Carl Baldenhofer. These classes will work under the direction of Felix Seeger, Supt. of Public Grounds and Sanitation for the City of Bay St. Louis.

One of the first projects these classes will participate in will be to pot seedlings in preparation of the Spring planting by the City in the parks and by the public buildings.

Another new class is the French class taught by Mrs. Rene deMontluzin on Tuesdays from 3 to 4 p.m. Any senior citizens interested may join the class if they will be sure to attend the next session.

Mrs. deMontluzin is a new volunteer teacher for the program. Ladies in Kih, Flat Top, Pearlinton and Bay Waveland are busy quilting. The handmade quilts will be raffled with proceeds going to Senior Citizen projects.

The 15 counties served by the Southern Mississippi Planning and Development District have been selected and funded to develop an area plan for Older Americans. Lloyd McLaughlin and Mrs. Opal Ingram have been acting as representatives of Hancock County at the area meetings in Hattiesburg. The two Coastlans are helping District leaders to make plans for Senior Citizen programs as well as representing Bay Waveland on the Council.

One thing you can say about the citizens of Bay St. Louis and Waveland. Once you've got their attention, they will react. And they can generally be depended on to do the right thing.

Things have gone in all directions since our editorial last week, rapping the Bay-Waveland Municipal School board for some sins of omission in dealing with less than desirable conditions within the administration of the school system.

Five meetings have been held since the regular board meeting Monday a week ago; four of them set by school trustees and very much open to the public. And the public attended, in increasing numbers.

A lot of accusations were aired, some very pertinent questions asked and plausible and workable suggestions made by interested residents. It was interesting to note that parents were out-numbered by former teachers and parents whose children do not attend Bay-Waveland public schools. There were one or two emotional outbursts, but for the most part the meetings were orderly and controlled.

There are more meetings to come and it is apparent that suggestions and questions will turn into demands for revisions.

At this point commendations are in order, as, whatever the final outcome, those persons who responded to the challenge and the five members of the board are to be complimented.

The situation is trying and although the meetings are fraught with serious implications the trustees evinced a courteous regard for each person attending, especially toward those who spoke out. A good bit of credit for the constructive tone of the meetings is due to board president Bill Breland. Successfully masking his own sentiments about the matter, Breland's handling of the verbal exchanges between trustees and spectators was exemplary and contributed largely toward preventing the whole thing from disintegrating into a name-calling, disjointed mess, which we have seen happen too often in the past at other such gatherings.

The board has set meetings with teachers excluding the superintendent and principals, and meetings with the principals excluding teachers and the superintendent, so that everyone concerned will have the opportunity to be heard without fear of reprisal.

The one person who has had nothing to say thus far is the one against whom the major indictments have been directed - superintendent J. D. McCullough. We assume, and sincerely hope, that he too will be given the opportunity to be heard.

We are confident that the trustees will continue to probe into those areas which have been too long submerged, such as an investigative audit of the books which Mayor Carver has been asking for since 1973 and has yet to get.

By their action last week trustees have inspired the confidence that they will continue to do the right thing - or at least, make a sincere effort.

For that, this paper commends them.

Colling's Corner

By E.S. Colling

"Am ein-und-zwanzigsten Maerz kommt der Frueling".

And this is it, March 21st, the first day of Spring! As we used to sing in grade school: "Spring is here, the world rejoices, Earth lifts up her arms to greet her! Joyous Spring, happy Spring!"

Of course, down here by the Gulf we have an advantage over most of the rest of the country; our Spring, for instance, really began several weeks ago when the first buds appeared. Now, the azaleas are in full beautiful bloom, the fruit blossoms are popping out daily, and soon our yards will be gay with color. Last Sunday we visited our son-in-law and daughters' lovely place to the north, deep in the pine woods, and there we found our first wild azaleas, beautiful, fragile works of art by Nature, the great creator.

There's a feeling of excitement in the air, of lessening of tension and strain; something good is going to happen, so let's sing and be happy! The coming of Spring has been the signal for rejoicing since the earliest times; the rites of Spring were celebrated by man since the dawn of history. Maidens danced until they died of exhaustion while the elders sang and cavorted in strange

rituals of joy. The priests of the Aztecs led their people in wild processions to the great canotes, or wells, where young girls were sacrificed by being thrown into the deep water.

With more civilized times came the Maypole dancing in Old England. In our own day, more practical celebrations of the coming of Spring were the annual Spring housecleaning, the packing away of heavy winter gear, and the changing from the cold weather Long Johns to lighter summer clothing. And in any age,

"Back on budding boughs
Come birds, to court
and pair,
Whose rival amorous vows
Amaze the scented air!"

Spring is the Beginning; the first day of Spring is Page One of a book in which will be recorded experiences and emotions which will complete a new Chapter of Life and bring us one step closer to the Ultimate. That is why today our hearts beat a little faster with anticipation, with desire, to quickly shove back the curtain to learn what beautiful, wonderful things are going to happen to us on Page Two and Page Two Hundred.

Chamber Report

By Sylvia McComiskey

Hancock County Chamber of Commerce Manager

A vacation energy line, where motorists can call a centralized number and obtain up-to-date road information and road service at any hour of the day or night, seven days a week, should be in operation by the middle of March. This operation has been set up by the Mississippi A & T Board's Travel and Tourism Department. The out-of-state number is 1-800-847-7147. In the State of Mississippi, the toll free number is 1-800-222-0040. Take note of these numbers, you may find that you will have need of them, if planning a trip.

The Mississippi State Employment Service is looking for young people

between the ages of 16 and 17 and a half years of age, who have not finished high school and are not now in school, to work under their NYC Program. These young people must be from families whose income qualifies under this program. If you know of anyone who meets these requirements, have them contact the State Employment Service at the Valena C. Jones Center.

Any Chamber member who has a specific project that he feels will improve his community and that the Chamber can assist in, contact the chamber office.

Keeps Getting In The Way

Dear Bay St. Louis,

The Bay St. Louis Jaycees and Jayettes have been donating their time and efforts to help our community. The Jaycees are operating the Youth Center, providing scholarships for deserving students, baskets for needy families, a merry Christmas for the special children. Jayettes have been busy raising funds to purchase equipment for the Youth Center and the Lakeshore Special Education School. They have purchased magazine subscriptions to provide reading material for youth detained in the County Youth Detention Center.

However, all of our efforts would be for naught if we did not have the support of our citizens and most especially our merchants. There are never the right words to express gratitude for help so generously given, except to say, "Thank you, Bay St. Louis!"

You've helped make a better community for the youth by supporting our projects. We thank you again and ask for your continued support of our endeavors.

The Bay St. Louis
Jaycees and Jayettes

Dear Sir:

Your Editorial was a breath of fresh air. Except, instead of "Time For A Showdown" - It should have read "Time For A Change".

When our two City Commissioners were given the opportunity to put new ideas into the school system they sat on their hands and would not be counted. They are very forceful under different circumstances, of course. We the people realize why; but we also realize the amount of our tax dollars that are poured into the city school system.

Why can't we get some kind of school audit? I feel sure that the Bay St. Louis Schools must have some sort of bookkeeping system.

I have followed this controversy very closely and if this sort of dictatorship prevails, then, citizens of Bay St. Louis and Waveland - wake up - It may already be too late. The "Time For A Change" is here. Let's not be complacent.

A Very Disturbed Citizen,
Bay St. Louis

Dear Editor:

First of all, let me praise Mr. Jerry Ladner for staying with the people's wish on the building code for Hancock County. He voted NO. So did the people.

As for the other four supervisors, they should be voted out of office. If they can get by with this then they can do anything that they want to. As Mr. Sam Favre said, after a code has been adopted you can then put in various exceptions as you see fit. Mr. Favre, laws are made by the people not supervisors. The people voted against this law. Yet you took it upon yourselves to vote in it. This is not the proper way to approve a building code.

As for Mr. Wayne Ducomb, who spoke on behalf of the Hancock County Planning Commission. They should look out for the county as a whole and not just the cities of Bay St. Louis and Waveland. When are you planning on getting the Gas Co. to put gaslines in Shoreline Park? When are you planning on getting sewerage and water mains with fire plugs for Shoreline Park? When are you planning to drain our streets every time it rains? When are you planning on doing something about the upkeep of our streets in Shoreline Park? When are you planning on putting street lights in Shoreline Park? When are you planning on getting us the same low electric rates as they have in Jackson, Miss., and the same low rates as the Miss. Power Co.? Coast Electric is way too high! I think, Mr. Wayne

Ducomb, that you and your office and the Board of Supervisors should do your part before you start DICTATING to us how to build our buildings (our homes) or what to do with our property.

As for Mr. Wilson Webre, if your contractor had to build your buildings in the Industrial Park with just flood insurance, then you are a poor director and you don't know what you are doing.

As for a code for Hancock County, I am sure the people would go along with this idea: All persons who want to build in Hancock County must comply with building their structures 12 ft. above sea level and nothing else. This is just for the Federal Flood Ins.

Mr. Jerry Ladner, if you need 20 percent of the voters on a protest petition just tell the people where to go to sign this petition. I am sure you will get more than enough!

Citizens Lets Get Out And Vote These Four Supervisors Out Of Office!

Concerned Citizens,
Frederick W. Chazee, Sr.
Robert Juneau
Warren J. Parez

Dear Editor:

In our everyday haste to and fro, we seldom stop to identify positive, progressive programs.

It has been my pleasure to observe one such in Bay St. Louis almost daily.

The method of the Bay St. Louis Police Department in insuring safety to students crossing Highway 90 at Dunbar Avenue is very commendable. The personal attention given to students and motorists by the officer on duty is excellent.

I have the opportunity to pass through many school crossings throughout the area, and I believe the manner of the Bay St. Louis Police Department is unexcelled.

On behalf of the employees of Coast Electric, I would offer congratulations to the city, and especially the officer, serving so well in every kind of weather at Dunbar and Highway 90. We say "hats off" to a job being well done.

Sincerely,
H. L. Thomas,
General Manager
Coast Electric Power Assn.
Bay St. Louis

The Editor:

Who's listening?? What can one expect to get out of all the clamoring if you don't stay around long enough to hear an echo?

Apparently hidden in all our clamor for justice for individuals and groups. The roots of these everyday evils are forever protected; at least until someone in the clamor discovers that he is being leaned on or pushed out then he starts squealing like any other hungry hog.

Funny... all these deals were on the square as long as he was equally fed; now he is hungry and comes to the surface screaming he is an honest, beaten down victim of circumstances.

So what? The taxpayers foot the bill for a long expensive trial: "the victim of circumstances accuses someone else, someone else accuses someone else, someone else... someone else..." Accomplishments?? Well, maybe one of the group with the least luck and money is convicted and sent to a secluded detention home. Again financed by our taxes.

Oh yes!! he is allowed to keep his loot, also tax money.

The purpose of this letter is to help promote Mr. Bernard Molbert's plea for justice, honesty and a real God fearing attitude. (Letter To The Editor, Daily Herald - Mar. 15)

His discontent dwell upon the Russian wheat deal where, "over 525 elected officials with the power to

Local VA News

BY
Chester L. Curvey

Veterans having Five Year Level Premium Term Insurance with the policy number preceded by the letters RS or W should consider converting or exchanging this insurance for a permanent plan insurance. It can be converted to ordinary life—Twenty Pay Life or Thirty Pay Life. It cannot be converted to an endowment policy while the policy holder is totally disabled.

The reason for changing this Term Insurance is because the premiums increase drastically when the policy holder gets older. The answer to the question, "Should I convert?" is "Yes" if this insurance is needed for the protection of the policy holder for his lifetime. The answer is no if maximum insurance protection is needed only during the working years, and not needed in the later years.

As an example, a Five Year Renewable Level Term Insurance premium increases from \$14.14 per thousand, per year, and if it is a ten thousand dollar policy \$14.40 per year and \$707.00 for the five year period at age fifty, to \$46.33 per thousand, per year or \$463.30 annually and if it is a ten

thousand dollar policy \$2316.50 for the five year period, at age 65. It is \$897.73 annually at age 70. These are non-participating policies with no cash value, loan value or extended coverage value.

The Five Year Level Premium Term Insurance can be converted to a 5-year limited convertible Term (W) policy with a lower premium but it cannot be renewed after the 50th birthday and if not converted will lapse.

Insurance policies with numbers preceded by RS were used for renewable term policies issued to persons discharged between April 25, 1951 and Dec. 31, 1956. Policy numbers preceded by a (W) are assigned to policies after exchange or conversion of the RS insurance and started after 1959. Check your policies for these identifying letters.

Five year Level Premium Term policies with the policy numbers preceded by an (H) or a (V) are assigned to policies issued between August 1, 1946 and Dec. 31, 1949 and before April 25, 1951 respectively. These policies are also policies on which the premiums get very high in later years and a decision should be made on whether they should be converted.

For information on insurance matters and other veterans benefits contact Chester Curvey in the Courthouse at 467-5400, or Mr. Troy Smith at 255-7217.

County Agent's

Notes

John W. Smith
County Agent

TOPDRESSING

If you have not nitrated your winter grazing crops since last fall, topdress with 200 pounds of ammonium nitrate or 150 pounds of urea.

We need a lot of hay and as much early spring grazing as we can get. Reyrass and small grains, highly fertilized, are the best ways to get adequate supplies of both.

If you leave off the nitrogen-fertilizer from spring grazing, you are using bad economics.

How much nitrogen to apply to wheat that is to be harvested for grain depends upon the type wheat you are growing. The short straw varieties should get around 100 pounds of nitrogen by mid-March (300 pounds of ammonium nitrate) to the acre. The taller growing wheats that tend to lodge should be topdressed with around 60 pounds of nitrogen per acre.

Legislative

Report

by EARL "BUCK" LADNER
STATE REPRESENTATIVE
HANCOCK COUNTY.

Senate bills passed by the House of Representatives in the last week include:

Senate bill 1516 - an act to define the crimes of aggravated assault, simple battery and aggravated battery upon law enforcement officers and firemen and to provide penalties.

Senate bill 1741 - an act to define the offense of larceny of crab pots or larceny of salt water crabs therefrom. This bill, the first state law of its kind, is to protect commercial fishermen from thievery of crab pots.

Senate bill 1961 - an act to provide that teachers shall receive monthly payments on the last regular school day of the calendar month.

Primary reason for the bill is to insure that teachers get paid before Christmas holidays rather than after.

House concurrent resolution 78, requesting that Mississippi representatives to the United States Congress take immediate action to force the repeal of the Occupational Safety Act of 1970 (OSHA).

House concurrent resolution memorializing the U.S. Senate to reject any attempt, effort or treaty which would abrogate the sovereignty of the United States and the Panama Canal Zone.

Senate bill 1679 - an act to establish the Emergency Medical Services Act of 1974, which will establish eligibility for the state of Mississippi to receive federal funds to be available for the operation of emergency medical services on a local level.

Senate bill 1761 - an act to eliminate the three percent administration costs retained by the state tax commissioner from sales tax allocated to municipalities.

Senator Martin Smith and I will be in Bay St. Louis Saturday, March 23, 1:30 p.m., Scaffidi's Wheel and Tire with the public.

**BYGONE
DAYS**

5 YEARS AGO...

Joe Monti, son of Mr. and Mrs. T. F. Monti of Bay St. Louis, has been elected president of the Catholic Youth Organization for the state of Mississippi. Joe is a junior at St. Stanislaus.

10 YEARS AGO...

Ten years' effort by Bay St. Louis Mayor John A. Scaffidi and Commissioners J. Cyril Glover and Warren E. Traub came to a successful conclusion Saturday when voters approved by an almost two to one vote a \$3 million bond issue to finance construction of a sewerage system and improvements to the water and gas systems.

25 YEARS AGO...

The fire department sustained a loss last Saturday when an accident occurred at the corner of Main and Toulne Streets. The fire engine was returning to the fire house when it collided with a truck driven by an employee of Coast Electric Power Association. Occupants of both trucks suffered cuts and bruises.

50 YEARS AGO...

The Rock-A-Chaws champion basketball team of St. Stanislaus, beat the K. C.'s of New Orleans last week and are now in line to go on to Chicago, where the Loyola auspices there are holding a national championship for the Catholic schools in the country.

Drugs and your health

by John F. Russell, M.D.

Close your eyes for a moment and try to picture a drug abuser. I'd be willing to bet that over 95 percent of you see in your mind's eye a 19 or 20 year old "hippie-type" with long hair, sloppy, dirty clothes, barefoot, with a needle and syringe, "shooting up" (injecting) heroin into his arm.

Fortunately, that type of drug abuser is by far in the minority. The last available statistics on heroin addiction showed there to be approximately 600,000 addicts, and most of those were involved in a methadone maintenance program. As a matter of fact, the government has stated that the country is "over the hump" on the problem of heroin addiction and the funding of heroin treatment programs is being diverted instead to polydrug programs.

Of course, Washington, D. C., is looking at the inner-city problems of New York City and Boston, Atlanta and other major cities where heroin

addiction has run rampant for years. Perhaps they sometimes forget that we here in Mississippi are just beginning to see the first glimmerings of a heroin problem rather than the dying embers of methadone maintenance.

Polydrug abusers... yes, we are seeing those already, and it is frightening. Polydrug abuse means that many different types of drugs are being abused by the same people. It is no longer an age of potheads, speed freaks, and junkies. Users now take whatever they have at hand. This weekend they may go on an acid trip, speed all week, and then down out on the next weekend (acid - LSD; speed - uppers, diet pills, amphetamines; down out - take sleeping pills, barbiturates, methaqualones). There is no typical drug abuser any more. They take any drug they can find, grab some pills and pop them, (eat them, swallow them). At the Drug Abuse Center we treated one

DR. JOHN RUSSELL

girl who had OD'd (overdosed) on 20 anti-seizure pills. She didn't get high, only sick. She didn't know what she was taking, but it didn't matter. To me, that is the most frightening side of polydrug abuse... the not caring. These young people are mixing downers with wine and then smoking a few joints (marijuana cigarettes) to get them there (where?) faster. They are playing Russian roulette and it doesn't matter to them.

Did anyone picture the overweight housewife or harried business man who have been taking uppers perhaps more often than necessary to get that extra spurt of energy? Then when they get nervous they need a few tranquilizers to calm them down. Of course, a few cocktails before dinner are always relaxing. Then later in the evening when sleep seems to take forever, a downer or two will always get them right to sleep without any problems. Here is the picture of the unsuspecting drug abuser who doesn't even realize what he is doing... and there are far too many who are using and combining "legal" drugs in an abusive manner.

On did anyone picture Aunt Susie, who always has just the pill for what ails you when you visit and come down with whatever? She has pills the doctor gave her for kidney trouble. In 1952, she can diagnose your trouble faster than a physician and without expensive tests, because she has had everything at one time or other and has saved every left over prescription she ever got. Aunt Susie is a pusher and doesn't even know it, and anyone who takes her pills is abusing drugs.

DEATHS

HARRY E. DORMAN
Harry E. Dorman Sr., 37, a native of New Orleans and resident of Bay St. Louis for the past 10 years, died at 9:15 p.m. Friday, March 15.

Mr. Dorman is survived by his wife, Mrs. Gloria Stortz Dorman; three daughters, Carolyn Marie, Faye Ann and Judy Lynn Dorman; a son, Harry E. Dorman Jr., all of Bay St. Louis; his parents, Mrs. Hattie Bell Savoie, New Orleans, and James P. Dorman Sr., Hammond, La.; a brother, James P. Dorman Jr., a sister, Mrs. Geraldine Cox, Metairie, La., and mother-in-law, Mrs. Thelma Bowe, Gretna, La. He was the grandson of the late Mr. and Mrs. John Lingo Sr.

Funeral services were held at 9:30 a.m. Monday from Tharp-Tharp-Sonthamer Funeral Home chapel, under auspices of St. Rita's Catholic Church. Interment was in Greenwood Cemetery, New Orleans.

ALBERT O. LADNER
Albert O. Ladner, 63, died at 6:15 p.m. Sunday, March 17, in Dixie Memorial Hospital, Denham Springs, La.

GEORGE W. SMITH
George W. Smith, 69, Standard Community, died at 5:10 a.m. Saturday, March 16, at his residence. Born February 22, 1905, in Nicholson, Miss., Mr. Smith resided in Napoleon, Miss., prior to moving to Standard in 1963. He was a retired machinist at Higgins, New Orleans and a member of the Napoleon Baptist Church.

Mr. Smith is survived by his wife, Mrs. Rose Dawsey Smith; a son, Leslie Graham Smith, both of Standard; two daughters, Mrs. Mary Louise Dawsey, Pearlinton, and Mrs. Lula Shaw, Rt. 2, Perkins, and five grandchildren.

Funeral services were held Sunday afternoon from his residence with Rev. W. A. Fordham, Petal, Miss.; Rev. J. R. Botwell, Picayune; Rev. Ricky Moore, Crane Creek, Rev. Ameal Spiers, Pearlinton, and Rev. Bert Ladner, Standard, officiating. Interment was in Turtleskin Cemetery, Santa Rosa.

Pallbearers were Robert Smith, Leon Smith, Jesse Ladner, Claude Louis Dawsey, Dennis (Red) Ladner and Clifford Ladner.

McDonald Funeral Home, Picayune, was in charge of arrangements.

Long Beach school board considers hiring food preparation company

The Long Beach School Board authorized school superintendent T. L. Reeves to check into the feasibility of hiring a private food service company to handle food

preparation for the district's schools. Reeves brought up the possibility of hiring a food services company at the

continuation of the board's regular meeting Wednesday night. The board authorized Reeves to invite representatives of ARA Food Services and Mississippi Valley Food Services to explain their food services program at the last meeting.

In other business the board voted to hire the certified public accountant firm of Wright, Ward, Hatten and Co. to audit the school district's accounts. The board stipulated that the audit must be finished by August 15. The audit will cost approximately \$3,500.

The board voted to place Mrs. Dorothy Schrader on the list of teacher recommendations for the 1974-75 school year. Harry Allen commended the superintendent and the board on their

action. Allen had presented the request Tuesday night to continue Mrs. Schrader's employment.

No action was taken on the tape recording of the meeting Wednesday night. Tuesday night school board president O. K. Lion expressed disapproval of taping the meeting unless the tape were left on file at the district office. Board member Mrs. Georgia Pepper tape-recorded the Wednesday night meeting without objections from any other board members.

Warner elected state Honor Society head

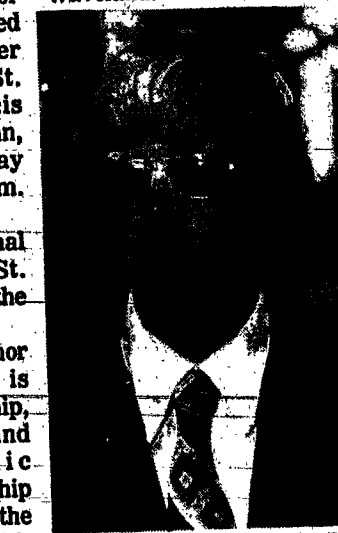

Bob Warner, a junior at St. Stanislaus High School, has been elected state president of the National Honor Society. The honor came during the state convention of the Mississippi Association of the National Honor Society at its annual meeting in Vicksburg March 16.

Approximately 200 delegates representing 37 schools throughout the state were in attendance.

James Schott, also a junior at St. Stanislaus, was named state secretary. Other students representing St. Stanislaus were Francis Pollingue, James McGowan, Johnnie Knight, Murray Jolivet, and Chris Yochim. Brother Michael Vidrine, moderator of the National Honor Society at St. Stanislaus, accompanied the school's representatives.

Membership in the honor society at Stanislaus is dependent upon scholarship, character, leadership and service. Academic requirements for membership state that a student during the past four marking periods maintain a Beta honor average (3.0) and that two of

these honor averages be an Alpha honor average (3.5). Bob Warner is the son of Mr. and Mrs. Robert Warner of Waveland. He is in his fourth year at St. Stanislaus and is an active member of the Honor Society, as well as president of the Youth Against Pollution organization. Last year he was president of his sophomore class. James Schott is the son of Mr. and Mrs. Vincent Schott of Waveland.

ROBERT WARNER, JR.

Mt. Zion to honor Senior Citizens

Greater Mt. Zion A.M.E. Church in Pearlinton will honor ten senior citizens Sunday in ceremonies at the church. To be honored are

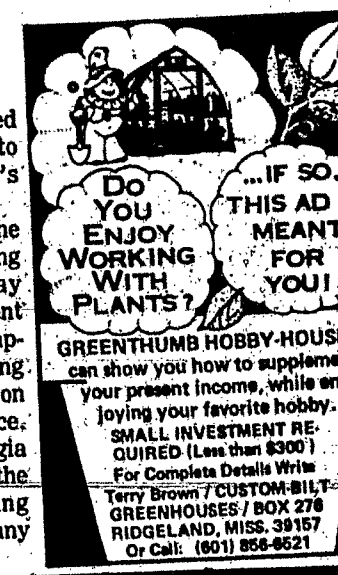

Mmes. Minnie Moultrie, Emily Oliver, Melvin Morse, Sarah Keys, Susie Johnson, Rose Herrion, Lonia Flemings, Gussie Shelton, Mr. Hubert Fulton and Mr. Charlie Johnson.

Chairwomen for the event are Mrs. Elizabeth Burse and Mrs. Lillie Sams.

Pre-Senior Citizen activities include a breakfast Sunday at 8 a.m.

The public is cordially invited to attend all activities by Rev. R. N. Sams, Pastor of Mt. Zion.

What Would You Like To Know About Your City?

Members of the Bay St. Louis City Council have expressed a desire for local citizens to become better informed of the affairs of their community and the workings of their city government.

Questions concerning the tax structure or assessments, city operating costs, areas of income and disbursement of funds and any other of a reasonable nature will be answered by council members in a new series starting this week in the Echo.

In cooperation with the city council, the Echo will publish each week a questionnaire which can be clipped out and mailed or brought in person to City Hall. Questions submitted will be answered the following week and as much information as possible on the subject will be supplied by whichever council member appropriate. While the council would prefer that the correspondent identify himself, names are not necessary and any question of a reasonable nature will be answered.

Readers are reminded that questionnaires must be submitted to City Hall, not the Echo.

QUESTION:
"Bay-Waveland residents pay a considerable sum of money for the operation of the school system. How much money is it costing us and what is the money being spent for?"

ANSWER:
The answer is: I cannot give you an answer because I do not know. No figures on an actual cost breakdown for the

operation of the Bay-Waveland Municipal School District for the scholastic year 1973-74 are currently available. This is a shocking statement for me to make when one takes into consideration that the estimated cost at the time the budget was prepared amounted to \$1,330,474.50.

Let me explain the reason for my ignorance of so important a matter. At the time of the approval of the budget by the City Council, which I most reluctantly approved, it was estimated that the deficit at the close of the present scholastic year—June 30, 1974—would be some \$40,000.

Knowing this, I asked the city Superintendent if he would furnish me with a statement as soon as possible after the end of each quarter showing actual receipts and actual expenses for those periods. He stated that he would do so.

The first quarter of the year (July, August, September 1973) ended but no statement was submitted. On October 23, 1973, I wrote the superintendent and informed him that I had not received the statement for July, August, and September.

The second quarter of 1973 (October, November, December) passed and still no information from the superintendent concerning the receipts and disbursements of the school system. On February 4, 1974, I again wrote to the superintendent.

About three weeks later a neatly typed statement was handed me by the superintendent. Here was the information I had been

requesting and this, therefore, would eliminate the necessity of my "having to write all of those letters". Unfortunately it does not. The statement submitted was a "summarized statement of receipts and disbursements of different school funds and reconciliation of fund balances at December 31, 1973."

It is hardly conceivable that a school operation spending a total of \$1,330,474.50 during the course of a 12-month period would not present to its own school board something more informative than the statement referred to above. However, I discussed this with several members of the school board. Two members informed me that no periodic receipts and disbursements statements have been submitted to them showing detailed items of receipts and costs. One member stated that he had received such statements. I think perhaps that this member was in error because after talking to the three members of the board I called the school's auditor and he informed me that he does not submit periodic operating statements to the superintendent.

Now if the person who submitted this inquiry is reeling from the impact of finding out that nearly \$1,331,000 of his tax money is being spent and no one knows how the spending is being controlled insofar as it relates to the adopted budget until the money is all spent—so am I!

Very sincerely,
Warren Carver, Mayor.

Teachers told to fit program to child

Basit L. Gaar, Ph. D., said. On-going, realistic evaluation, both formal and informal, he said, is a necessary part of a child's placement. Commensurate with his ability.

"Don't feed the Beast," said Gaar. Too often, he said, standardized test scores are jammed into filing cabinets and are lost. Test data, Gaar said, should be utilized by each teacher to determine the strengths and weaknesses of every pupil, making it possible to alter the program according to the individual's

need. "It is not a sign of teachers' failure that we alter the program to meet our children's needs. It is a sign of professionalism," stressed Gaar. "However, it is a sign of failure if we do not continually make changes as indicated by meaningful evaluation."

Dr. Gaar commended Hancock North Central's Title III, ESEA Program as being a realistic approach to meeting the physical, mental, and social needs of the children by providing differentiated programs for variant learning styles. The Title I Reading Program further reinforces and supplements the multi-level regular reading program.

Funds given to Bay RSVP

ACTION, a federal agency composed of volunteer organizations, Monday announced the approval of a \$28,145 continuation grant for the Retired Senior Volunteer Program in Bay St. Louis.

Congressman Trent Lott said the grant will assist 200 volunteers working as Headstart aids, nutrition aids, library aids and others specializing in the clerical and visiting shut-ins. The budget period is from April 1, 1974 to March 31, 1975.

Lott added that the Retired Senior Volunteer Program (RSVP) is sponsored by the Hancock County United Fund.

Hospitality booth funds assured

Senate action late Wednesday afternoon assured a re-appropriation of \$250,000 for construction of a hospitality booth on Interstate 10 West of Highway 607.

The measure will insure availability of funds for the hospitality station at the West end of Hancock county should the contract for the station not be let prior to June 30, or the end of the fiscal year, Smith said.

Echoes

Karen Ann Rhodes of Jackson spent last week with her grandparents Mr. and Mrs. Nelius Rhodes Sr. They were joined over the weekend by Mr. Rhodes Jr., and children Nelius III, Mary Beth and Michelle.

Friday last day for tickets

Hancock county citizens are reminded that today and tomorrow are the last days to buy circus tickets at reduced advance sale prices. Gate prices for Saturday's two performances of the three-ring circus will be 25 cents higher.

Tickets are on sale from now until 3 p.m. Friday at the Echo Bay office; Our Lady's Academy, St. Stanislaus, Parker's Hardware on Old Spanish Trail and Gary's Amusement Center.

Friday, tickets can be purchased from 2-8 p.m. at the Food Center and Winn Dixie, and from 8-10 p.m. at the Jaycee Hall on North Beach and deMontuzin St.

Two full performances are scheduled at 4 and 8 p.m. Saturday at the Fairgrounds in Bay St. Louis.

Special Ed. children to see circus

Children at the Lakeshore School for Special Education will attend the King Bros. circus, coming to Bay St. Louis Saturday, as guests of local merchants, a spokesman for the Bay St. Louis Jaycees has revealed. Jaycee wives are handling details for the children's participation.

Circus performances are scheduled for 4 and 8 p.m. Saturday, under the auspices of the Bay Jaycees.

Registration open at OLG school

Our Lady of the Gulf School will accept new registrations for the coming school year until April 8 for all elementary school children from kindergarten through grade six. Registration forms may be obtained from the school administration offices.

Pilgrimage hostesses

Waiting to greet Spring Pilgrimage visitors yesterday at the Bay St. Louis home of Judge and Mrs. Dan Russell are Bay-Waveland Garden Club hostesses, from left, Mmes. Robert Akers, Gordon Gleim, O. Duke and Theo Tudary. (For details of Coast pilgrimage tours, see inside.)

Miss Sallinger to wed Kelly McQueen

Mr. and Mrs. Richard J. Sallinger of Bay St. Louis announce the engagement of their daughter, Janet Claire, to Kelly Lamar McQueen, son of Mr. and Mrs. Leon L. McQueen of Picayune, Mississippi.

Miss Sallinger's maternal grandparents are Mrs. Eugenie Blanchard, New Orleans, La., and the late Edward Blanchard. Her paternal grandparents are Mrs. Hilda Sallinger, Bay St. Louis, and the late Millard Sallinger.

Mr. McQueen's grandparents are Mrs. Aretha Mitchell, Picayune, and the late Elmer Mitchell and the late Mr. and Mrs. Frank McQueen.

A graduate of Bay Senior

High School and Pearl River Junior College, Miss Sallinger is now a Communications Major at Mississippi State University.

Mr. McQueen, a graduate of Picayune Memorial High School and Pearl River Junior College, is presently a Junior at Mississippi State University, majoring in Accounting. The couple will be married at Our Lady of the Gulf Catholic Church June 15.

JANET CLAIRE
SALLINGER

Benigno engagement announced

Mr. and Mrs. Sam Charles Benigno of Waveland, Miss., announce the engagement of their daughter, Levenna, to Ames "Rusty" Russ, son of Mr. and Mrs. Ames Russ, Poplarville, Miss.

Miss Benigno is a graduate of Bay Senior High and Phillips College, Gulfport, Miss.

Mr. Russ, a graduate of Picayune High School, attended Pearl River Junior College and Delta State University. He is presently employed in Poplarville.

The wedding will take place in April.

Saucier-Carswell nuptials solemnized

Miss Carolyn Diana Saucier, daughter of Mr. and Mrs. Clifton Saucier, White Cypress, and John Howard Carswell Jr., son of Mr. and Mrs. Carswell Sr., Waveland, were married at 2 p.m. Saturday, March 16, at Infant of Prague Catholic Church, White Cypress.

Rev. Pierre Hissey performed the double ring ceremony before an altar banked with arrangements of white and pink gladiolus and dogwood.

Mrs. Carol Mitchell, organist, played the traditional wedding marches. Given in marriage by her father, the bride wore an A-line gown of white peau de sole fashioned with a square neck and long sleeves. Venise lace

trimmed the dress and chapel length train. Her finger-tip veil of illusion fell from a headpiece of lace re-embroidered in seed pearls and she carried a bouquet of daisies centered with an orchid.

Miss Pam Jordan-Necaise Crossing, attended the bride

as maid of honor. Bridesmaids were Misses Patricia Deteaux, Rocky Hill, Gloria and Donna Carswell, sisters of the groom, and Peggy Sue Saucier, sister of the bride. They wore polyester floor length dresses in rainbow colors-trimmed in lace with matching wide brimmed hats.

They carried cascade bouquets of multi-colored daisies.

Connelly Thomas as a junior bride, wore a dress, veil and head piece identical to the brides and carried a bouquet of daisies centered with an orchid. Shelly-Ladner, flower girl, wore a blue floor length dress and carried a basket of flowers.

Pat Cheney, cousin of the groom, Bay St. Louis, was best man. Groomsmen were Conrad, Dale and Rodney Saucier, brothers of the bride and Ted Hoffmann, cousin of the groom, Bay St. Louis. Marshall Mitchell, Kiln, uncle of the bride, and Leroy Necaise, uncle of the groom, Bay St. Louis, served as ushers. Larry Necaise was junior groom.

Following the ceremony a reception was held at the American Legion Home, Highway 603.

Mrs. Saucier received their guests wearing an aqua lace dress trimmed with pearls and white accessories. The mother of the groom chose a blue knit dress with white

accessories. Both mothers wore orchid corsages.

Mrs. Charlotte Necaise and Mrs. Camilla Necaise presided at the cake and punch tables.

For traveling the bride wore a blue pantsuit trimmed in white lace and the orchid corsage from her bridal bouquet.

Upon their return from a wedding trip the couple will make their home in Kiln.

MR. AND MRS. JOHN CARSWELL

CATHOLIC SCHOOL WEEK

The week of March 24, designated as Catholic School Week, will be observed at St. Clare's School March 28 with open house in all classrooms from 9 a.m. to 2:30 p.m.

Parents and friends of St. Clare's students are invited to visit the school and classrooms and observe the activities of a school day.

Marianna Glass Anderson is wed in Virginia

The marriage of Marianna Rhett Glass Anderson, daughter of Mrs. William Henry Hanckel of Charleston, S.C., and Powell Glass, Jr. of Lynchburg, Va., formerly of Bay St. Louis, Miss., to Dr. Thomas Franklin Crompton took place March 8, at Cactot Presbyterian Church in Waterford, Va. The Rev. Roderick MacDonald, minister, performed the double ring ceremony.

Bride-elect feted with linen shower

Miss Phyllis Seuzeneau, bride-elect of John Genin, was honored with a linen and lingerie shower Sunday afternoon at the Arabesque School of Dancing with Mrs. Donald Comperta, Mrs. Ray Chiniche, Miss Sandra Gayart and Mrs. Beverly Hutchinson of Jackson, Miss., as hostesses.

A pink and white color scheme was carried out in the decorations.

The honoree, her mother, Mrs. Sheldon Seuzeneau and Mr. Genin's sisters, Mrs. Donald Corr and Mrs. William Necaise, were presented corsages of white carnations and baby's breath.

Miss Seuzeneau and Mr. Genin will be married April 27 at Our Lady of the Gulf Catholic Church.

The couple was attended by Miss Alicia Middleton, Glass, of Washington, D.C., sister of the bride, and Lt. J. Mark Foley, USN, of Bedford, N.H. The bridegroom is the son of Mr. and Mrs. Charles Sentman Crompton of Delaware City, Del. His mother is the former Rebecca Eugenia Armstrong, daughter of the late Mr. and Mrs. Thomas Jay Armstrong of Delaware City. Paternal grandparents are Mrs. Walter Crompton of St. Georges, Del., and the late Mr. Crompton.

The bride's mother is the former Marianna Rhett duPont, daughter of the late Mr. and Mrs. Francis I. duPont of Wilmington, Del. She is the granddaughter of Mrs. Powell Glass of Lynchburg and the late Mr. Glass.

She attended the University of South Carolina and made her debut in Charleston several seasons ago.

Dr. Crompton received his bachelor's degree from the University of Delaware and was graduated from the University of Virginia Medical School. He interned at the Graduate Hospital of the University of Pennsylvania and was a resident at Columbia - Presbyterian Medical Center in New York City. He served as a lieutenant commander in the U.S. Navy and is now chairman of anesthesiology at Loudoun Memorial Hospital in Leesburg, Va.

Upon their return from a trip to the British Virgin Islands the couple will reside in Leesburg.

State supervisor visits schools

As guests of Hancock County School's Title I ESEA Reading Program, Miss Mary Ann Baird conducted an in-service training workshop recently. Emphasizing balanced programming in reading with intensive instruction in language development, Miss Baird commented favorably on Hancock County's approach which utilizes the Title I ESEA Reading Program as a supplementary class for the regular classroom reading periods.

The entire faculty of both Gulfview and Charles B. Murphy Schools participated, as well as the Title III ESEA and Title I ESEA personnel at Hancock North Central School.

In The Pass

BY LORRAINE BOWES
452-2548

Mr. and Mrs. Donald D. Bratton of Pass-Christian announce the approaching marriage of their daughter, Mary Cabrini, to Kenneth Rodgers Breland, Jr., son of Dr. and Mrs. Kenneth R. Breland, Sr. of Gulfport. Maternal grandparents of the bride-elect are Mr. and Mrs. Albert Joseph Benvenuti of Pass-Christian and the late Mrs. Beryl Harris and the late Mr. Dale Bratton of Martin's Ferry, Ohio. The groom-elect's maternal grandparents are Dr. and Mrs. Thomas Knight Lewis, Sr. of Birmingham, Ala. and his paternal grandparents are the late Mr. and Mrs. Robert Milton Breland of Mobile. The bride-elect is a graduate of Pass-Christian High School and attended the University of Mississippi. The groom-to-be is a graduate of Gulfport East High School and will graduate in May from the University of Alabama. The nuptial ceremony will take place June 1 at St. Paul's Catholic Church in Pass-Christian.

Election of cheerleaders for the Coast Episcopal High School Red Raiders was held last Wednesday. Elected from the seventh grade were: Jo Billups and Ginny Vegas; eighth grade: Patty Cunningham and Belle McCaleb; ninth grade: Anne Johnson and Ingrid Perry; tenth grade: Tina King and Coco LaFaye; eleventh grade: Marie Cunningham, Amy Daniel, and Leslie Perry.

The Pass Christian Arts and Crafts Show, sponsored by the Pass Christian Rotary Club and the Pass Christian Garden Club in conjunction with the Garden Club's annual spring pilgrimage will be held Thursday, March 21 at the Pass Christian Library on Hiern Avenue, from 10 a.m. to 5 p.m. On display will be paintings, sculpture, ceramics, woodwork and preserves. There will also be a band concert for public entertainment.

Here's hoping for beautiful spring weather today, when the Pass Christian Garden Club, along with the other garden clubs along the coast will present its annual pilgrimage. Pass Christian homes to be opened to the public are the following: Mr. and Mrs. Philip S. Pug, III, 800 W. Beach between 10:30 and 12:30; Mr. and Mrs. James Drury, 551 E. Scenic Drive between 12:30 and 4:30; Luncheon will be served at the Pass Christian Yacht Club between 11:00 and 2:30; Mr. and Mrs. Lee Spence, 768 E. Scenic Drive between 2:30 and 4:30; Mr. and Mrs. John C. Ellis, Jr., Montebella Road between 2:30 and 5:00. Also open during the day for public viewing will be the Wildflower Garden on Menge Avenue, the

Trinity Episcopal Church on Church Street and St. Paul's Catholic Church, 140 E. Scenic Drive.

Pass Christian Yacht Club Ladies Auxiliary will present a fashion show on March 23 beginning at 6:30. The latest styles on view will be from Sharnis' Models for the occasion will be Misses David Sandlin, C.D. Taylor, Jr., Henry Rodriguez, Earle DeVries, Liz Wogan, Lallah Walker, William Matkin and Susie O'Callahan. Paid reservations may be obtained by calling Frank Lombardo at the yacht club. Last but not least, Tom Bourdin will provide entertainment on the organ.

Anyone who has children interested in playing ball this summer, please remember to be at the Pass Christian ball park on Fleitas Avenue, March 23 or March 30 between 9 a.m. and 1 p.m. The Pass Christian Athletic Association will register players for the Little League, Babe Ruth League and Girls' Softball League.

Everyone is glad to hear that Martha Garriga is out of the hospital and doing the rest of her recuperating at home.

Congratulations to Tom and Ellen Pendleton on the birth last week of their fourth child, and second son. We know little Tom is happy to have a brother. Mother and son are doing well.

Davis-Travis engagement

MISS WILLIE DAVIS

Mr. and Mrs. Elmer Davis of Bay Side Park, announce the engagement and approaching marriage of their daughter, Willie, to M. E. Travis of Mobile, Alabama. The wedding will be solemnized at 6:30 p.m. March 30, at Lakeshore Baptist Church, with a reception immediately following in the Church Fellowship Hall. Friends and relatives are invited through this medium.

Reading supervisor

Mississippi State Reading Supervisor Mary Ann Baird holds an in-service training session at Hancock county schools as part of the school system's Title I reading program.

Pearlington

Ona Mae McArthur 533-7707

Mr. and Mrs. C.M. Page traveled to Alabama for the celebration of the 100th birthday of Mr. Page's mother, Mrs. Ethelma Page. The Pages also visited for the week with family and friends in several cities.

Happy birthday wishes go to Mrs. Frank Bello, Mr. Frank Bello, Elliot Dawsey, Doug Bello, Mary Wyman, Gary Wyman, Kathy Boyet and Joel Adams.

Congratulations to Joel Adams who was mentioned in Who's Who of outstanding high school students of 1973-74.

Happy anniversary to Mr. and Mrs. Matthew Asher and Mr. and Mrs. Claud Schubert.

Get well wishes are extended to Mrs. Dorothy Wilkinson, Mrs. Mary Smith and Mr. Lofton Carter.

A surprise bridal shower in honor of Miss Ann Beall was held Sunday in the home of Mrs. Carmen Williams. Hostesses were Mrs. Eldora Summers and Mrs. Carmen Williams.

A joint birthday party was held at the Community Center for Terry Frazier and Marcelle Cuevas. A large number of friends attended the affair.

Recent visitors of Mrs. Johnny Carver from Glenwood, Ark. were her mother, Mrs. Vicy Reynolds, Jimmy Randy, Joe and Trish also Mr. and Mrs. Steve Cogburn.

Housekeeping welcomes back this week Amanda Thomas.

Scruggs-Allain nuptials solemnized

Miss Nancy Lee Scruggs, daughter of Mr. and Mrs. Ben I. Scruggs, Waveland, became the bride of Stephen Van Allain, son of Mr. and Mrs. Van Allain of Chalmette, La., in a double ring ceremony at the Main Street United Methodist Church with Rev. Bernard Walton, pastor, officiating.

Given in marriage by her father, the bride wore a white linen gown fashioned on Princess lines with panels of old-fashioned lace in the front and back of the dress and in the long sleeves ruffle of lace edged the hemline. Her fingertip veil of illusion fell from a lace headpiece and she carried a bouquet of white carnations, yellow roses and baby's breath.

Mrs. Wayne Stuart, Hattiesburg, attended her sister as matron of honor and David Allain, London, England, brother of the groom, was best man.

Following the ceremony a reception was held at the home of the bride's parents. The bride's table, overlaid with a lace cloth was centered with a three-tiered cake trimmed with pale yellow spun sugar roses topped with a

Stork shower for Mrs. Garziano

Mrs. Richard Garziano of Gulfport was honored with a stork shower March 13 hosted by Mesdames Robert Heitzmann, Donald Compretta and Robert Compretta, Bay-St. Louis and Mrs. Steve Saucier and B.D. Rexroad of Pass Christian.

A color scheme of yellow and white decorated the Heitzmann home for the occasion and gifts were presented from a playpen. Mrs. Garziano and her mother, Mrs. Anthony Compretta, were given corsages fashioned of ribbon bows interspersed with miniature baby gadgets.

nosegay of yellow roses and baby's breath. Branched candelabra holding white tapers were on either side.

Misses Laurin, Gwen and Lynn Allain, sisters of the groom, presided at the cake and punch tables.

For traveling the bride chose a black and beige knit dress with matching accessories—and an orchid corsage.

The couple will make their home in Poplarville, Miss.

Legion birthday celebrated

Clement R. Bontemps Post 139 of the American Legion held its 55th American Legion birthday party March 14 at the Legion home.

Al Vetter, Post Commander, welcomed Legionnaires, their wives, Mrs. C. J. Piazza, Auxiliary president, and Auxiliary members.

Ninth District Commander Hershel Ladner of Gulfport presented a 50-year certificate to Gus Sager. Bertrand Ladner, Joe Graham Post 119, Gulfport, was a guest of the group.

Following the business session dinner was served by Vice Commander C.J. Piazza. The birthday cake, a gift of the Ladies Auxiliary, was cut and served by Mrs. Piazza, Mr. Sager, Commander Vetter, Mrs. Edward Murtagh, Mrs. John Ducote, Mrs. John Wilkerson and Emmett Miallian.

METHODIST CIRCLE MEETS
The Morning Circle of the United Methodist Women met March 13 at the home of Mrs. H. H. Shattuck with Mrs. Wallace Chevis, chairman, president, presiding. Mrs. C.C. McDonald Sr. presented the program.

More prizes set for Jaycette Easter Pageant

Mrs. Charles Parker and Mrs. James Calhoun, co-chairwomen of the Jaycette

Easter Pageant, set for April 6, announce that additional prizes have been secured for

the winners and contestants of the pageant.

Security Savings and Loan, Winn Dixie and RedGlo Ceramics have joined with local banks, Food Center, Little Mushroom and TG&Y in providing cash awards, certificates, gifts, ribbons and engraved plaques. Each child will receive a gift for participation in the Pageant.

Mrs. Calhoun, chairwoman of the photo contest for infants to 23 months, reports that more photos are being sought for the contest. Framed 5 by 7 or 8 by 10 photographs can be

delivered the day of the Pageant between the hours of 9 a.m. and 2 p.m. at the SJA gym.

Children participating in the Little Miss - Little Beau contest (2 to 5 years), are asked to wear dressy clothes.

To register your child call 467-4747 or 467-6715 or mail child's name and age, parents name, address, and telephone number to Jaycette Easter Pageant, P.O. Box 1312, Bay St. Louis, MS., 39520. Be sure to enclose the \$1 entry fee per child.

CERTIFIED PUBLIC ACCOUNTANTS

TELEPHONE 432-0404

P. O. DRAWER N - 231 MAIN STREET

BILOXI, MISSISSIPPI 39533

December 14, 1973

Honorable Mayor and Commissioners

City of Bay St. Louis, Mississippi

Bay St. Louis, Mississippi

Gentlemen:

We have completed our audit of the City and Utility Funds of the City of Bay St. Louis, Mississippi, for the year ended September 30, 1973, and in the course of our examination, we have noted certain matters which we wish to bring to your attention.

(1) A substantial sum of personal property taxes were shown on the city records as being delinquent and uncollected. We feel the city should consult with its attorney and try to arrive at some manner of enforcing the collection of this tax, and get his advice on the possibility of board action each year relieving the tax collector of uncollectible personal property taxes.

(2) We found numerous instances in which persons, redeeming property sold to the city, were given the tax receipt of the delinquent year rather than a redemption certificate. In questioning the clerical personnel, we were told that prior to January of each year the original tax receipt was issued and after January a redemption certificate was issued.

We recommend that on all redemptions of property sold to the city a redemption certificate be issued to the person redeeming the property. The original tax receipt would remain in the bound book of tax receipts and never be used.

(3) A number of changes were made on the land rolls after they were added and adopted. The valuations on the land rolls should never be changed from the original assessment either by erasure or marking through and writing another amount after the roll is adopted. Any changes should be made only on an order entered on the minutes of the board and the change should appear on a supplemental roll showing page number, line number, original assessed valuation, and new assessed valuation, minute book number, and page number where the change was authorized. A notation only should be shown on the original which would direct one's attention to the supplemental roll for the changed amount.

(4) There is presently no control for the recording of collections on special assessments. In order to correct this, we recommend that one of the clerical personnel add the balances due from individuals on each street and post each street total to a street ledger of account which would precede each street in the special assessments ledger. After this is done, the total of all street control account balances would be posted to a master control account which should be located in the front of the ledger. Thereafter, on a daily basis, as collections are received, the individual taxpayers account would be credited, the total of the collections for the particular street would be credited to the street control, and the total collections of all streets for that day would be credited to the master control. Furthermore, at the end of each month, the individual accounts should be added and balanced to the street control and the street controls would be added and balanced to the master control. By balancing the special assessments ledger on a monthly basis, any errors in posting would be isolated to that particular month and should be easy to find and correct. We also recommend that the responsibility for posting, balancing and maintaining the special assessments ledger be delegated to only one person in the tax department.

We have previously discussed the above with Mr. Bob Bienvenue and he has stated he will be available to help, whenever you designate, in initiating the aforementioned procedures.

(5) Although bids were obtained for some supplies, there were many supplies purchased without bids. Bids should be obtained on all items of supplies that will likely be used during at least a six month period. This would include office supplies, small tools, pipe, meters, gravel, shells, asphalt, etc., and any other items that would be purchased in small quantities. It might be well for each department to make a list of items they usually use and send it in to be combined with items from other departments. When bids are received they could then be tabulated and a list of low bidders furnished the various departments. We suggest the approved bidders from whom to buy for that bid period be put in the minute book for reference.

We realize that there are some instances in which it may be impractical to get bids or suppliers may not submit bids. Therefore, if you buy from a non-bid source, we recommend that the reason for doing so be documented in the minutes.

(6) At present, property sold to the city at the tax sale is listed only for the current year. We recommend that a cumulative list be maintained so that the city can readily ascertain which properties have been sold to the city for more than one year. When those properties are ready to mature to the city at the end of two years, the board should decide whether to pay the county and state taxes in order to gain clear title. It is our understanding that if the property matures to the state and the delinquent taxpayer gets a state patent on the property, the city's tax lien is wiped out. We suggest you consult your attorney on this.

(7) In examining realty ad valorem tax receipts and their subsequent deposit in the bank, we noted various instances in which there was a substantial lapse of time between the date of collection and the date of deposit. For example, one receipt was dated as collected on August 20, but was not deposited until September 24. We strongly recommend that all collections be deposited on a daily basis, no matter how small the collections.

(8) We noted that effective July 1, you adopted new procedures for the processing of bills. We have reviewed these procedures and find them to be excellent. However, we suggest one additional step be performed and that is to have all persons, who normally receive goods, instructed to sign and date the invoice upon receipt of the goods. We know that, in some cases, suppliers will ship goods on a freight bill with the invoice mailed at a later date; therefore, the freight bill should be signed and dated and then attached to the invoice when it arrives.

We found a few bills that were paid without going through the adopted process. In order to prevent this from occurring, we suggest the person who prepares the warrant

from the invoice be instructed to return to the board for processing any of those invoices or bills for which an audit slip is not attached.

Our examination of invoices revealed that they are being properly cancelled by having written upon the face of the invoice the date paid, warrant number and fund. However, this is being done in pencil. In order to achieve permanence, we suggest that this be done in ink.

(9) We recommend that all adjustments to the utility system accounts receivable be submitted to the board for its approval and entered on the minutes giving the customer's name, amount of adjustment, and reason for the adjustment. The adjustments would include the following:

(a) Credits for leaks, overreadings, or any other allowance.

(b) Bad debts to be written off.

(c) Forfeits of credit balances or meter deposits.

In some instances, adjustments may have to be made prior to board approval. In such cases, the board should subsequently approve this; however, if subsequently the board disallows the adjustment, then the minutes should reflect such and the disallowed amount charged back to the customer.

(10) In examining payrolls, we noted that payroll time records submitted to the payroll clerk are not being signed by the heads of some departments. We recommend that all department heads be instructed to either sign or initial all payroll time records turned in by them to the payroll clerk.

Many employees of the city have not filed with the payroll clerk a federal income tax withholding certificate (Form W-4). Under federal internal revenue regulations, an employer may be held liable for any tax owed by an employee for whom a signed W-4 is not on file. We recommend that you instruct the payroll clerk to prepare a list of all employees for whom she does not have a W-4 and to have her require these employees to properly fill out and sign a W-4 and submit it to her. When new employees are hired, they should be required to complete, sign and submit to the payroll clerk a W-4 before their first payroll check may be issued to them. In order to implement this suggestion, we are supplying the payroll clerk with a sufficient quantity of the forms.

In our examination of hourly employee wage rates and raises, we were told that authorization for the rate of pay and raises was given verbally to the payroll clerk. We recommend that new employee's wage rates and raises for old employees be authorized in the minutes giving the name of the employee, the amount and the effective date. We also recommend that the termination of any employee, by reason of quitting, being fired or dismissed, be made a matter of the minutes giving the employee's name and date of termination.

(11) In reviewing bank account reconciliations of the General Fund and the Meter Deposit Fund, we noted many old outstanding warrants which have never cleared the bank. We suggest that you have Mr. Bienvenue supply you with a list of these warrants and that you consider cancelling them by an order on the minutes.

(12) There is presently recorded on the records of the \$750M Special Street Improvement Fund, a bad check in the amount of \$208.38 which was written by a taxpayer and returned by the bank in the prior year. Mr. Bienvenue can furnish you with the name of the taxpayer whereupon we recommend you try to collect this amount.

(13) In examining the city budget, we noted that, with the exception of the Revenue Sharing Fund, the city budgets only those funds which bear a tax levy and that no amended budget is prepared. We recommend that you prepare budgets of all funds and that in August of each year, you amend your current budget and at the same time, prepare the new budget for the ensuing year. Furthermore, these budgets should be adopted in the minutes.

(14) We noted that effective October 1, the utility rates were increased. Considering the effects of the energy crisis and possible further increases in the cost of natural gas, we suggest you review the monthly statements from your natural gas supplier and consider increasing your gas rates proportionately with any cost increases from your supplier.

(15) At the close of the year, depository collateral pledged by the banks to secure the total city and utility system funds on deposit with them was substantially deficient.

The bank, with whom you do most of your business, had pledged depository collateral; however, the collateral was approximately \$609,000 less than required. It appeared that most of the deficit arose from the bank not pledging collateral for savings accounts and certificates on deposit with them. We strongly recommend that you notify this bank to review all cash balances on deposit with them, including savings accounts and certificates of deposit, and have them increase the depository collateral to a sufficient amount, which would be 110 percent of the funds on deposit.

The other bank, with whom you have four bank accounts, had no depository collateral pledged. We suggest you have your attorney write this bank and require it to pledge sufficient collateral.

To preclude collateral deficits from occurring in the future, we suggest that periodically, on an irregular basis, at some month end you require the banks to submit a list of depository collateral to you which would include the type of collateral and amount of each type. Mr. Bienvenue could then make a computation of the amount required and compare this to the bank's list. Any deficits could then be promptly called to the bank's attention. Your attorney should also be furnished with a copy of this list so that he may determine if the types of collateral meet statutory requirements. If any type of collateral does not meet legal specifications, then the bank could be notified to substitute proper collateral.

(16) Near the end of our examination, we had occasion to talk to federal auditors in the City Hall who were auditing the Revenue Sharing Funds. They state they were also auditing expenditures made by the Parks and Playgrounds Commission from the \$5,000 which the city transferred to the commission from the Revenue Sharing Fund, and their audit revealed two expenditures totaling approximately \$300 for which they could find no documentation nor any authority for the expenditures. The important point here is that they stated that even though a separate commission administers this fund, the basic responsibility for seeing that the expenditures are under revenue sharing guidelines rests with the city.

By L.S. (Doc) Elliott

No complaint on the weather for the past week except it was a little cooler a couple of days. For fishing it was ideal but the fish didn't cooperate too good. However bass and perch were caught aplenty. They were hitting surface baits, when the water was rather warm. Salt water fishing hasn't been good, with a few small specks, some croakers and some school size red fish thrown in being caught.

As far as soft crabs no catches have been reported. Maybe a little too early as yet. The same thing goes for flounders. Will keep you posted when they start giving.

A lot of crayfish are being caught by those going after them. They are giving pretty good. The season will get better right along. One party caught a couple of sacks last Saturday. They are more plentiful over in Louisiana. Some folks would like to have even a half sack of them. You can't catch them by staying home and wishing. Make up a party, find out where they are giving, and go after them. Now is the right time.

Pearl River is taking a long time to clear. At Logtown, Bogue Homa, Warbush Bayou and Old River are clear. These are spots for getting bass and perch.

Mr. and Mrs. Pie Ladner returned home this week after spending about a three weeks vacation at the Bay. They live in Massachusetts and vacation here each year. Pie enjoyed some fishing.

St. Patrick's Day was celebrated on Saturday in Waveland with the annual parade. Most fishermen stayed home to attend. A gala day was enjoyed by everyone.

J. Burton Angelle, director of the Louisiana Wildlife and Fisheries Commission, today revealed that Governor Edwin Edwards has proclaimed March 17-23 as National Wildlife week.

He said Governor Edwards pointed out in his proclamation that a great variety of wildlife is one of America's natural heritages and a symbol of beauty that Louisianians and all Americans want to protect and added that wildlife is also recognized as a measure of environmental quality.

The Governor said that increasing land use changes have had the effect of diminishing populations of several forms of wildlife in America. He called for the week of March 17-23 and the balance of the year 1974 to be observed throughout the Nation as a time for all Americans to support the theme "We Care About Endangered Wildlife" with efforts to help endangered and threatened species.

He called upon all sportsmen, nature lovers, environmentalists, and all citizens urging them to give their full support to this vital

presented by Governor Edwards at a meeting with Director Angelle and Joe L. Herring, chief of the Commission's Game Division and state chairman for National Wildlife Week.

Let's do all we can to protect and preserve our wildlife. It should be everybody's business.

The Proclamation was officially signed and Eddie Englehorn and

Marion are getting everything necessary for good fishing trips to the marsh come summer. They expect to do some real salt water fishing and should enjoy their newly purchased boat.

Hoke Ogden and Harry Roman are going back to fly fishing after quite a lay off. They both do casting too. With Louis Decel they caught some

nice sheephead at Pass Marianne Saturday.

For those who like golf the Greater New Orleans open will be held March 23 through 31 at Lakewood Country Club. Back for this year's \$140,000 tournament will be Johnny Miller and Lee Trevino. The tourney is worth seeing.

A few speckle trout are still

being caught by those casting for them off the Highway Bridge. Seems like they should be coming in better by now.

Quite a few bass and perch were caught again in Black Bayou and Mills Bayou over the weekend. Alden Mauffray and yours truly got their share (Continued on page 6)

Rebel staff headlines two-day football clinic

UNIVERSITY, Miss., — Eight thoroughly knowledgeable football coaches, with a base age of 37 years but with 90 years of collegiate tutoring, will be featured during the third annual University of Mississippi Football Clinic to be held here March 29-30.

The eight, all members of the Rebel staff, will headline the two-day clinic for Mississippi and area state high school, junior high and junior college coaches.

Spotlighted with Ken Cooper, the Johnny Reb headmaster, will be offensive coaches Larry Travis, Charlie

McCullars, Eddie Crawford and Ray Ppale and defensive coaches Taylor McNeel, Barry Wilson and Thomas Coleman.

Along with veteran assistant Junie Hovious and trainer Wes "Doc" Knight, they will serve as instructors and discussion leaders thru the clinic sessions.

Cooper, 37, was a three-season performer for Georgia at end in 1955-57, compiled an outstanding prep record in Georgia before joining the Bulldog staff in 1962. He was named as the 28th head coach at Ole Miss on Jan. 17 after serving three years as the

Rebel offensive line coach.

Travis, 33, the Rebel offensive line coach, is serving as clinic director. An All-SEC guard for Florida in 1962, he coached at Florida under Ray Graves and Kansas under Pepper Rogers and Don Fambrough. He is beginning his third year at Ole Miss.

Round-table discussions are planned for Friday evening and Saturday morning sessions.

Saturday's afternoon schedule calls for field demonstrations by the Rebels in Hemingway Stadium followed by an abbreviated practice schedule and a game scrimmage.

The only cost to visiting coaches will be lodging and meals. A Saturday lunch will be provided at Miller Hall, the Rebel athletic dormitory.

Additional information can be obtained by writing Football Coaches Clinic, Department of Extension, University of Mississippi, University, Miss., 38677.

League awards ceremony set

City officials and members of the Bay Parks and Playgrounds Commission have been invited to attend an awards presentation ceremony Saturday, 11 a.m. at Valena C. Jones Center for players in the City Basketball League.

Awards will be presented to outstanding cagers as well as leading teams in the age classifications of the league, which is under the sponsorship of the Parks and Playgrounds Commission and under the supervision of Harry Favre.

Youngsters from Bay St. Louis and Waveland participated in league activities this year, Favre said, with nine teams competing in the

BWYC Backwash

by Ann Stieffel 467-6300

ISLAND CRUISE—Several members met Friday night at the Club to discuss the annual BWYC Island Cruise.

All agreed to rendezvous at Smugglers' Cove on Cat Island, the same site of the 1973 cruise. The date of the week-end of May 4 and 5 is still tentative, pending agreement by the majority. Anyone interested in the cruise may call Ann Stieffel at 467-6300.

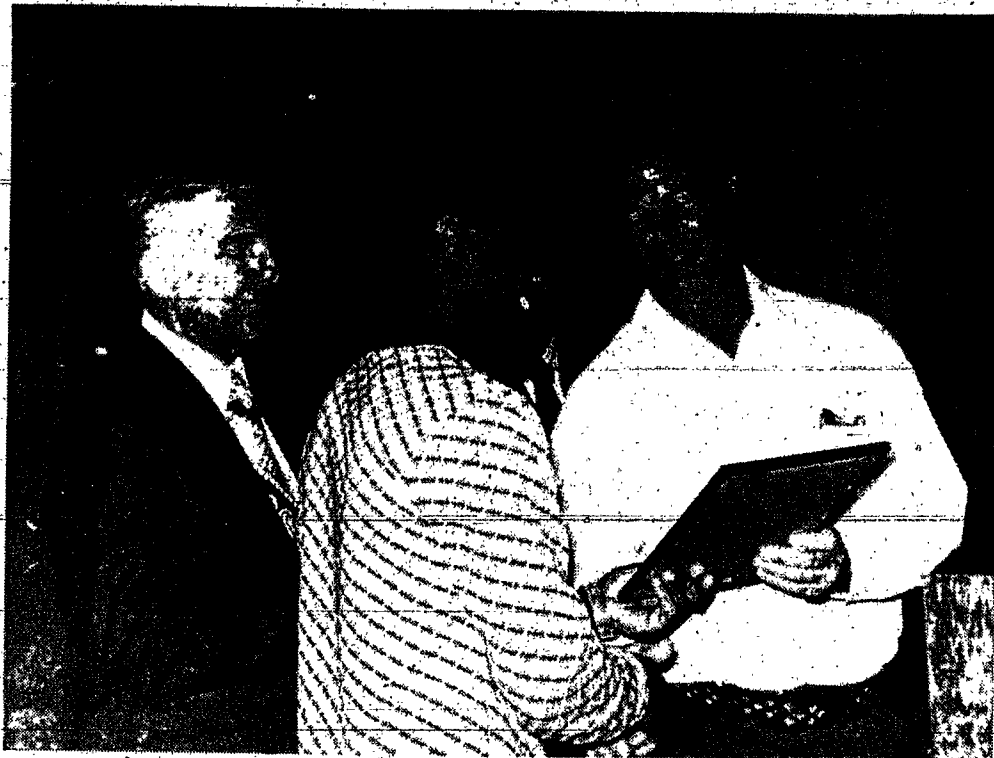

BAIL THE BILGE—Hosts for a delightful evening of "bailing the bilge" Saturday were Mr. and Mrs. Fred Wagner, Mr. and Mrs. Bill Frisbie, Mr. and Mrs. Pete Chapman, Mr. and Mrs. Paul Montjoy, and Cmdr. and Mrs. Wm. Flanders.

LADIES LUNCHEON—Wednesday, March 27. Featured will be a Young People's Fashion Show by the Little Mushroom. Reservations may be made by calling 456-4592.

SUNFISH—The 1974 racing season will mark the beginning of the single-handed Sears Cup competition for North American Junior Championship. In addition to the Sears 3-man crew com-

petition which begins with the Western District Eliminations at BWYC on May 11 and 12, there will be the single-handed eliminations which will be sailed this year in Sunfish. Only one representative from Bay Waveland may be entered. Any skipper interested who is between the ages of thirteen and eighteen should contact Race Committee Chairman Basil Kennedy at 467-4119 or Sunfish Chairman Frank Allen at 467-8888.

Informal racing on the week-ends is great practice for those who plan to participate in the regular season of racing at the Club. Anyone interested in sailing or racing is encouraged to go to the Club and get on the "Scots" during this "pre-season" fun and pleasure sailing.

All American

Ricky Robinson receives award for being chosen "All-American" high school football player. From left are LeRoy Lizana, superintendent of schools, Robinson and Earnest Benvenutti, school board president.

Robinson named All-American

Most every football player dreams of one day being an All-American and that dream came true for Ricky Robinson, middle linebacker for the Pass Christian High School Pirates.

The Pass Christian School administration has received notification that Ricky has been selected as a high school All-American. As a result of this achievement Ricky will be listed in the 1973-74 version of Who's Who in national high school athletics.

Ricky is the son of Mr. and Mrs. Thomas W. Robinson of 320 Clarence Avenue.

The selection committee, composed of 1,500 major college and university coaches

across the United States, chose Ricky because of his outstanding achievement as a senior member of the Pirates.

The committee stated that, "The young men were honored for definite evidence of excellence to the highest ideals of sportsmanship through competitive athletics, and further revealed by their strong contribution to team-mates, acquired through sacrifice, sportsmanship, cooperation, and fair play."

Ricky was one of 17 players selected from the State of Mississippi.

During the 1973-74 football season Ricky led the team in tackles, assist, interceptions,

and fumble recoveries. He has been selected All-Conference in the Pascagoula River Conference for the past two years.

Robinson's coach has nothing but praise for the young man. He describes Ricky as one of the easiest to coach players on his squad. He is constantly giving 110 percent effort. His desire and dedication more than compensated for his lack of size.

He is described as the team leader and a motivating influence on his teammates.

In recognition of his achievement the Board of Trustees of the Pass Christian School District meeting in regular session on February 14 adopted a resolution commending Ricky for his personal successes and for the honor and recognition afforded the school district.

Boat examinations are scheduled

Examiners were appointed and courtesy boat examinations scheduled for each weekend beginning in April at the monthly dinner meeting of Floatilla 35, U.S. Coast Guard Auxiliary, Saturday evening at the Pass Christian Yacht Club.

William Carlin was given an award for the largest number of courtesy examinations conducted in the floatilla last year.

Men's League meeting set

A Men's Softball League meeting is scheduled for Monday night, 7:30 p.m. at V. C. Jones Center, it has been announced.

Monday has been set as the deadline for entering teams in the league. All sponsors, managers and team representatives are urged to attend this meeting as a date will be set at this time for league play to start.

Today is guest day.

CPSC warns of toy chest hazard

The Consumer Product Safety Commission today urged purchasers of a particular toy chest to return the chests to the retailer where they were purchased for a full refund.

The toy chests, manufactured by the Jackson Furniture Corporation, Jackson, Tenn., were sold by 40 retailers, including Sears, Roebuck and Company, who sold the chest through its catalog.

The action came after the chests were reportedly associated with the death of one child and serious injury to another in separate incidents. The accidents apparently resulted from the children's heads being caught between the front of the case and the top of the chest.

Some 13,000 of the chests were manufactured by Jackson Furniture, and 95 percent were sold through the Sears catalog during the past four years. The Consumer Product Safety Commission believes most of these are still in the hands of consumers.

CPSC notified Jackson Furniture Corporation and Sears last November 7 that the chest was involved in the accidents. The death occurred September 3, 1973, and the serious injury January 1972. Jackson discontinued production, and Sears took the items off sale November 21. Jackson issued a national announcement on November 26 advising its retailers to take

the chest off sale.

The Sears chests can be identified by their padded 3-inch top and come in three colors—yellow, orange, and walnut finish—with a side print design of lambs and daisies. The Sears catalog listed the chest under model numbers 88063, 88064, and 88065.

Sears will continue to refund the full price of the chest in accordance with company policy. A redesigned chest with a lighter and flat lid is now being sold in the Sears catalog. This redesigned chest is not involved in the above action.

The Jackson Furniture Corporation, who sold similar chests to 39 other retailers, stated that it will refund the full wholesale price to retailers for return of the chests.

The chests are identical in construction to the Sears chests except for a pale yellow metal frame with sides and top decorations in a series of white, green, and yellow circles and star patterns.

The name of Jackson Furniture Corporation is located on a fixed tag inside the chest. The chests are listed by Stock No. 9023 which is stamped on the packing carton but not on the chest itself.

The CPSC has commended Sears and the Jackson Furniture Corporation for their action.

Pass school board approves schedule, faculty members

The Pass Christian School Board approved the school calendar for the 1974-75 school year and accepted the recommendation for 81 faculty members made by school superintendent LeRoy Lizana.

The first day of school will be August 26. First grade enrollment will be at 9 a.m. August 21. The holiday periods are: Labor Day, Sept. 2; Thanksgiving, Nov. 28-29; Christmas, Dec. 20-Jan. 6; Mardi Gras, Feb. 10-11; and Mississippi Teachers Association - Mississippi Education Association Convention-Good Friday, March 24-28.

The calendar calls for 176 school days with school

opening on Aug. 26.

THE DODGE BOYS ARE RIGHT ON TARGET IN SMALL CARS!

WITH DART SPORT.

- PRICED LESS THAN VW'S MOST POPULAR MODEL!
Difference based on Manufacturers' Suggested Retail Prices for six-cylinder Dodge Dart Sport and VW Super Beetle, both equipped with all standard equipment. Not included are state and local taxes, destination charges, and Dealer preparation charges, if any.
- CAN GO FARTHER ON A GALLON OF GAS THAN NOVA!
Gas mileage figures based on October 1973 Popular Science magazine. Tests performed by Popular Science for its report were conducted on '73 vehicles with figures adjusted by Popular Science for 1974 model changes and the results of E.P.A. tests.
- HAS MORE TRUNK SPACE THAN 3 PINTOS!
- MORE TOTAL HIPROOM THAN MAVERICK!
- ELECTRONIC IGNITION.
This advanced system is standard on every 1974 Dodge Dart.

It eliminates points and condenser (that can wear out or get wet). In addition, factory-recommended spark plug maintenance is up to 18,000 miles under normal driving conditions. (Another nice saving for you when you choose a new Dart.)

• OVER A MILLION SATISFIED OWNERS!
This one's the real clincher. Just ask someone you know about his Dodge Dart. Ask about gas economy, room, riding comfort, and dependability.

• HARDTOPS? WE'VE GOT 'EM!
The Dodge Boys not only have small cars that are right on target for today's energy situation—but they also offer you a fine selection. Our small-car savings begin with a money-saving Dodge Boys' deal.

• SEDANS? PLENTY IN STOCK!
The Dodge Boys think you'll really go for the comfort, the convenience, and the handling of the 1974 Dart four-door sedans. These, more than any of our small cars—are right on target!
